SUPPLEMENTARY INFORMATION:

I. Abstract

The International Trade Administration, International Buyer Program (IBP), encourages international buyers to attend selected domestic trade shows in industries with high export potential, and facilitates contact between U.S. exhibitors and foreign visitors. The program's success has been demonstrated by the substantial increase in the number of foreign visitors attending these selected shows as compared to the attendance when not supported by the program. The application is the vehicle used by a potential show organizer to provide his/her (1) experience, (2) ability to meet the special conditions of the IBP, and (3) strategy for promoting the domestic trade show. The exhibitor data form is completed by U.S. exhibitors participating in an IBP domestic trade show and used to list the firm and its product in an Export Interest Directory
