Federal Law Enforcement Dependents Assistance Program

AGENCY: Office of Justice Programs, Bureau of Justice Assistance, Public Safety Officers' Benefits Office, Justice.

ACTION: Final rule.

SUMMARY: Regulations are being issued to comply with the Federal Law Enforcement Dependents Assistance (FLEDA) Act of 1996. The FLEDA Program, to be administered by the Bureau of Justice Assistance through a delegation of authority from the Attorney General, will provide financial assistance in the form of awards to the children and spouses of Federal civilian law enforcement officers whose deaths or permanent and total disabilities in the line of duty resulted in the payment of benefits under the Public Safety Officers' Benefits (PSOB) Program. The financial assistance provided through

the FLEDA Program is designed to defray costs associated with higher education for these children and spouses.

EFFECTIVE DATE: This regulation is effective July 15, 1997.

FOR FURTHER INFORMATION CONTACT: Jeff Allison, Chief, Public Safety Officers' Benefits Office, 633 Indiana Avenue, N.W. Washington, D.C. 20531. Telephone: (202) 307-0635.

SUPPLEMENTARY INFORMATION: The Federal Law Enforcement Dependents Assistance Act, P.L. 104-238, 110 Stat. 3114, Oct. 3, 1996, established a new subpart 2 in Part L of title I of the Omnibus Crime Control and Safe Streets Act of 1968, 42 U.S.C. § 3796 *et seq.* to provide financial assistance to the children and spouses of Federal civilian law enforcement officers killed or permanently and totally disabled in the line of duty. The legislation redesignated the existing Public Safety Officers' Benefit (PSOB) Act as subpart 1 of Part L.

This Act further recognizes the sacrifices and invaluable contributions made to public safety in our Nation by Federal law enforcement officers and their families. The Federal Law Enforcement Dependents Assistance (FLEDA) program extends to the families of fallen or disabled Federal law enforcement officers the higher education assistance already available to state and local law enforcement officers in many states. As stated in the Act, the purposes of this program are—

(1) to enhance the appeal of service in civilian Federal law enforcement agencies;

(2) to extend the benefits of higher education to qualified and deserving persons who, by virtue of the death or total disability of an eligible officer, may not be able to afford it otherwise; and

(3) to allow the family members of eligible officers to attain the vocational and educational status which they would have attained had a parent or spouse not been killed or disabled in the line of duty.

As an amendment to the existing PSOB program, the FLEDA program offers educational benefits to the spouse or children of Federal law enforcement officers with respect to whom a claim has already been approved under the PSOB program. Thus, although the standards for the two programs differ, these regulations are drafted as far as possible to rely on existing determinations made by the Bureau of Justice Assistance under the PSOB program regarding the death or disability of a Federal law enforcement officer in the line of duty.

The FLEDA program authorizes the payment of benefits to eligible dependents for attendance at an approved program of education at institutions of higher learning. The program incorporates by reference established definitions relating to eligible institutions and other standard requirements for federal student aid programs under Title IV of the Higher Education Act of 1965 (20 U.S.C. 1970 *et seq.*).

In general, eligible dependents may receive educational assistance for up to 45 months of full-time education or training, or a proportionately longer period of time for a part-time program. Absent a finding of extraordinary circumstances, a dependent child will not be eligible to receive educational benefits under the FLEDA program after the child's 27th birthday.

Educational benefits under FLEDA are calculated under the standards of 38 U.S.C. 3532, at the time the educational expenses are incurred. Presently, the educational assistance allowance for an eligible person pursuing a program of education consisting of institutional courses is \$404 per month for full-time, \$304 for three-quarter-time, and \$202 for half-time pursuit, and proportional amounts for persons pursuing a program of education less than half-time. Separately determined amounts are available for a program of education that includes training in a business or industrial establishment; for a "farm cooperative" program; or for an independent study program.

All eligible dependents may seek assistance prospectively for attendance at an approved program of education. Dependents of a Federal law enforcement officer who was killed in the line of duty on or after May 1, 1992, also are eligible to receive retroactive benefits for a program of education they have already undertaken. The calculation of retroactive benefits shall be on the same basis as prospective assistance. Such dependents are eligible for prospective assistance as well, although the amount of retroactive benefits will be counted in applying the durational limits on assistance. Dependents entitled to retroactive benefits, if they so choose, may forgo such benefits and apply only for prospective assistance.

On April 24, 1997, the Bureau of Justice Assistance (Bureau) published proposed regulations in the **Federal Register** for implementation of the FLEDA Program. In addition to publication, the proposed regulations were sent to Federal law enforcement agencies, and the families of Federal law enforcement officers killed or

permanently and totally disabled in the line of duty. Reviewers were invited to comment over a thirty-day period, which ended May 27, 1997.

Comments were received from one individual, the United States Postal Service, and the U.S. Department of Education. The Postal Service expressed the support of its Postal Inspection Service for the proposed regulations, and the FLEDA Program in general.

The U.S. Department of Education recommended that the Section 32.38(a)(4) provision in the proposed regulations for denial of FLEDA benefits to dependents who are in default on federally guaranteed student loans be expanded to apply to persons in default on any student loan made through Title IV of the Higher Education Act of 1965. The Bureau concurs with this recommendation and has modified Section 32.38(a)(4) accordingly. This modification does not limit FLEDA applicants' ability to use financial assistance being provided by the Bureau to repay defaulted loans consistent with an approved repayment plan.

The U.S. Department of Education also pointed out that, with the exception of Federal Pell Grants, assistance received through the FLEDA Program will be considered by the Secretary of Education in determining a student's need for financial assistance through the Title IV Student Financial Assistance Program. This finding does not necessitate a modification to Section 32.37(c) of the FLEDA regulations, but is nonetheless important for FLEDA applicants to be aware of. It is the opinion of the U.S. Department of Education and the Bureau that this finding will not adversely affect an individual's financial ability to obtain the benefits of higher education because reductions in Title IV assistance are anticipated to be offset by FLEDA assistance.

The individual respondent asked whether the age 27 limitation set forth in the FLEDA statute and at 32.22 (c) of the regulations pertains to the age of the child at the time of his or her parent's death or disability, or rather to the child's age at the time of application for FLEDA benefits. Section 32.22 (c) refers to the child's age at the time of application for FLEDA assistance. However, under the FLEDA statute and regulations as written, a child over the age of 27 could request retroactive assistance for educational costs incurred prior to his or her 27th birthday. In addition, the current wording of the regulations allows for exceptions, consistent with the statute, for extraordinary circumstances that precluded the child from pursuing a

program of higher education prior to age 27.

The individual's second question was whether FLEDA assistance could be applied to graduate school if the child was younger than 27 at the time of his or her parent's death, but over age 27 while attending graduate school. FLEDA assistance can be used to defray the costs of graduate school. However, as indicated above, educational costs incurred beyond the age of 27 are not compensable under the FLEDA Program, absent a finding of extraordinary circumstances which precluded the child from pursuing a program of higher education prior to age 27.

The third question asked by the respondent was whether FLEDA assistance could be received retroactively to reimburse a student for loans that were paid off after the death or disability of his or her parent. Consistent with Section 32.35 of the regulations, FLEDA assistance can be used to reimburse a student for higher education loans that were paid off following the death or disability of his or her parent. Consistent with Section 32.35 of the regulations, FLEDA assistance can be used to reimburse a student for higher education loans that were paid off following the death or disability of his or her parent if the loans were for educational expenses incurred following the death or disability of the Federal law enforcement officer.

(c) Benefits payable under this subpart shall be in addition to any other benefit that may be due from any other source, except that, if the FLEDA assistance in combination with other benefits would exceed the total approved costs for the applicant's program of education, the assistance under this subpart will be reduced by the amount of such excess.

§ 32.38 Denial of benefits.

(a) No benefit shall be paid under this subpart if the Bureau determines that the dependent is not eligible for, is no longer eligible for, or is not entitled to the assistance for which application is made. Without limitation, this will include circumstances in which—

(5) The dependent is subject to a denial of federal benefits under 21 U.S.C. 862.

(b) The Bureau shall deny benefits under this subpart if—

(1) The educational institution attended by the dependent fails to meet a requirement for eligibility described in § 32.32(h);

(2) The dependent's enrollment in or pursuit of the selected program of education would fail to meet the criteria established in § 32.32(g); or

(3) The dependent already is qualified by previous education or training for the educational, professional or vocational objective for which the program of education is offered.

§ 32.39 Appeals.

An applicant may, within 30 days after notification of denial, submit a written appeal request to the Bureau. Appeals will be handled consistent with § 32.24 and the appendix to this part, except that such appeals shall not be handled by oral hearing but will be conducted through a record review by an administrative hearing officer. Provisions in § 32.24 and the appendix to this part relating to oral hearings shall not be applicable to appeals under this subpart.

§ 32.40 Repayment.

In the event that the recipient of financial assistance under this subpart fails to maintain satisfactory progress, as defined in § 32.32(i), or otherwise become ineligible for assistance (other than as a result of age or the expiration of the time limit for assistance), the dependent is liable for repayment of funds awarded for prospective assistance. The Director of the Bureau may waive all or part of such repayment, based on a consideration of the circumstances and the hardship that would result from such repayment.
