BILLING CODE 5000-04-F

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Intent To Prepare a Draft Environmental Impact Statement (DEIS) for the San Antonio Flood Control Study, Los Angeles and San Bernardino Counties, California

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: This feasibility study investigates the flooding problems on San Antonio Creek south from San Antonio Dam to the Creek's confluence with Chino Creek. The two creeks are tributaries to the Santa Ana River. During the 40 years since its construction, the ability of the system to provide a very high-level of protection has diminished as a result of urban runoff. The result could be creek overflows from very large storms.

FOR FURTHER INFORMATION CONTACT: Questions about the proposed action and DEIS can be answered by Ronald F. Lockmann, CESPL-PD-RN, Box 532711, Los Angeles, California 90053-2325, phone (213) 452-3851.

SUPPLEMENTARY INFORMATION:

1. Proposed Action

The tentatively selected plan for flood control in San Antonio Creek consists of reoperation of the San Antonio Dam for flood protection. The releases at higher events would be reduced and the increased pool would be held for 24

hours. This action would reduce the downstream flow and provide additional infiltration.

2. Alternatives

Alternatives considered during the planning process include: Parapet walls; maintaining the present operational plan (no action); and a seasonally expanded pool for various durations to reduce discharges into the downstream channel.

3. Scoping Process

A scoping (public) meeting will be held at 7:00 pm July 15, 1997 at Lehigh Elementary School, Montclair to obtain community input to assure that all concerns are identified and addressed in the DEIS.

4. Future Public Meetings

Additional public meeting(s) will be held, if warranted at times and places to be specified at the above meeting and/or in future mailings.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

DEPARTMENT OF DEFENSE

Department of the Navy

Privacy Act of 1974; System of Records Notice

AGENCY: Department of the Navy

ACTION: Amend Record Systems

SUMMARY:

The Department of the Navy proposes to amend two paragraphs in the preamble to the Navy's compilation of Privacy Act systems of records notices. The amendment consists of updating the *For Further Assistance*: and the *Point of Contact*: information.

EFFECTIVE DATE: July 15, 1997.

ADDRESSES: Send comments to the Department of the Navy, PA/FOIA Policy Branch, Chief of Naval Operations (N09B30), 2000 Navy Pentagon, Washington, DC 20350-2000.

FOR FURTHER INFORMATION CONTACT: Mrs. Doris Lama at (202) 685-6545 or DSN 325-6545.

SUPPLEMENTARY INFORMATION: The Department of the Navy's record system notices for records systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address above.

The Department of the Navy proposes to amend two paragraphs in the preamble to the Navy's compilation of Privacy Act systems of records notices.

The amendment consists of updating the *For Further Assistance*: and the *Point of Contact*: information.

Dated: XXXXXXXX XX, 1997.

L. M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000-04-F

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Sunshine Act Meeting

Pursuant to the provisions of the "Government in the Sunshine Act" (5 U.S.C. 552b), notice is hereby given of a meeting of the Defense Nuclear Facilities Safety Board to receive views from all interested parties about its draft strategic plan to be submitted to Congress by September 30, 1997, pursuant to the Government Performance and Results Act of 1993. The draft strategic plan is available to the Internet home page for the Defense Nuclear Facilities Safety Board (www.dnfsb.gov) and is available upon request. Participation by members of the public is invited. Written comments and oral presentations concerning the draft strategic plan will become part of the public record.

TIME AND DATE OF MEETING: 3:00 p.m., July 29, 1997.

PLACE: Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW, Suite 300, Washington, DC 20004.

STATUS: Open. The Board has determined that an open meeting furthers the public interests underlying both the Government in the Sunshine Act and the Government Performance and Results Act.

MATTERS TO BE CONSIDERED: This open meeting will be conducted pursuant to 42 U.S.C. 2286b and is intended to obtain views and suggestions for consideration by the Board regarding

the development of a strategic plan as outlined in the Government Performance and Result Act.

FOR FURTHER INFORMATION CONTACT: Richard A. Azzaro, Acting General Counsel, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW, Suite 700, Washington, DC 20004, (800) 788-4016. This is a toll free number.

SUPPLEMENTARY INFORMATION: An independent agency within the Executive Branch, the Defense Nuclear Facilities Safety Board provides advice and recommendations to the President and the Secretary of Energy regarding public health and safety issues at Department of Energy (DOE) defense nuclear facilities.

Broadly, the Board reviews operations, practices, and occurrences at DOE's defense nuclear facilities and makes recommendations to the Secretary of Energy that are necessary to protect public health and safety. If, as a result of its reviews, the Board determines that an imminent or severe threat to public health or safety exists, the Board is required to transmit its recommendation directly to the President, as well as to the Secretaries of Energy and Defense.

The Board's enabling statute, 42 U.S.C. 2286, requires the Board to review and evaluate the content and implementation of health and safety standards, including DOE's Orders, rules, and other safety requirements, relating to the design, construction, operation, and decommissioning of DOE's defense nuclear facilities. The Board must then recommend to the Secretary of Energy any specific measures, such as changes in the content and implementation of those standards, that the Board believes should be adopted to ensure that the public health and safety are adequately protected. The Board is also required to review the design and construction of new defense nuclear facilities and to recommend changes necessary to protect health and safety.

The Board may conduct investigations, issue subpoenas, hold public hearings, gather information, conduct studies, establish reporting requirements for DOE, and take other actions in furtherance of its review of health and safety issues at defense nuclear facilities. The ancillary functions of the Board and its staff all relate to the accomplishment of the Board's primary function, which is to assist DOE in identifying and correcting health and safety problems at defense nuclear facilities.

The Board is soliciting comments from interested parties regarding its

strategic plan to comply with (part d) of the Government Performance and Results Act of 1993 which states,

"When developing a strategic plan, the agency shall consult with the Congress, and shall solicit and consider the views and suggestions of those entities potentially affected by or interested in such a plan."

The necessary contents of a strategic plan are outlined in (Part a) of the Government Performance and Results Act of 1993, which states that such a strategic plan shall contain:

"1. A comprehensive mission statement covering the major functions and operations of the agency;

2. General goals and objectives, including outcome-related goals and objectives, for the major functions and operations of the agency;

3. A description of how the goals and objectives are to be achieved, including a description of the operational processes, skills and technology, and the human, capital, information, and other resources required to meet those goals and objectives;

4. A description of how the performance goals included in the plan required by section 1115(a) of title 31 shall be related to the general goals and objectives in the strategic plan;

5. An identification of those key factors external to the agency and beyond its control that could significantly affect the achievement of the general goals and objectives; and

6. A description of the program evaluations used in establishing or revising general goals and objectives, with a schedule for future program evaluations."

The Board specifically reserves its right to further schedule and otherwise regulate the course of the meeting, to recess, reconvene, postpone or adjourn the meeting, conduct further reviews, and otherwise exercise its authority under the Atomic Energy Act of 1954, as amended.

Dated: July 10, 1997.

John T. Conway,
Chairman.

BILLING CODE 3670-01-M

DEPARTMENT OF ENERGY

Office of Energy Efficiency and Renewable Energy

[Docket No. EE-WKS-97-800]

Alternative Fuel Transportation Program

AGENCY: Department of Energy (DOE).

ACTION: Notice of public workshop and opportunity for public comment.

SUMMARY: DOE announces a public workshop on its programs to promote petroleum replacement motor fuels. The workshop will focus on issues related to: (1) The development of programs to promote replacement and alternative fuels under Title V of EPACT and (2) a pending petition for rulemaking that asks DOE to modify the existing alternative fuel vehicle acquisition program (10 CFR part 490) by making a biodiesel blend known as B-20 an eligible alternative fuel. DOE also provides an opportunity for written comments on issues to be discussed at the workshop.

DATES: Written comments, ten (10) copies, must be received by DOE by September 15, 1997.

Oral views, data, and suggestions may be presented at the public workshop which is scheduled to take place 8:30 a.m. on July 31-August 1, 1997, at St. Louis, MO.

ADDRESSES: The public workshop will take place at the Holiday Inn Convention Center, 811 N. 9th Street (at Convention Plaza Drive), Salon A, St. Louis, Missouri. A block of hotel rooms has been reserved at the rate of \$64.50. Please mention the Department of Energy Workshop when making your reservations. To assist DOE in planning for this workshop, please call Andi Kasarsky, (202) 586-3012, to confirm your attendance.

Written comments should be sent to Paul McArdle, U.S. Department of Energy, EE-34, Docket No. EE-WKS-97-800, 1000 Independence Ave., SW, Washington, DC 20585.

A copy of the petition for rulemaking is on file for public inspection in DOE's Freedom of Information Reading Room, Forrestal Building, Room 1E-190, 1000 Independence Avenue, SW, Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Paul McArdle, Program Manager, Office of Energy Efficiency and Renewable Energy, EE-34, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585, (202) 586-9171.

SUPPLEMENTARY INFORMATION:

I. Introduction and Background

DOE has received a petition for rulemaking to amend the definition of "alternative fuel" in 10 CFR part 490 by adding a biodiesel blend (B-20) which is, by volume, 80 percent petroleum and 20 percent biological non-petroleum material. Part 490 sets forth the regulations that implement Title V of
