The Office of Minority Health (OMH), Office of Public Health and Science, announces that it will enter into a cooperative agreement with the City University of New York Research Foundation to establish a peer model program for asthma attack avoidance education.

The purpose of this cooperative agreement is to establish a community-based, parent-child focused educational program designed to increase identification of potential asthma attack-triggering factors among minority, specifically Hispanic, urban children, decrease the incidence of asthma attacks and ensure appropriate referral for medical care. The OMH will provide technical assistance and oversight as necessary for the implementation, conduct, and assessment of the project activities. On an as-needed basis, OMH will assist in arranging consultation from other Government agencies and non-governmental agencies.

- Commitment of neighborhood partners to provide sites for asthma related educational and prevention programs.
