

data will have implications for industry in future marketing and new product development FCS believes it is imperative that interested persons from appropriate industries review the findings as yield research progresses. Rather than waiting until all the yield research is complete and the revised Food Buying Guide developed, FCS will be posting the new yield information on the Healthy School Meals Resource System's web site at <http://schoolmeals.nal.usda.gov:8001> as it becomes available. Therefore, interested parties should periodically review the web site to check for new information. A hard copy of these findings may be obtained by writing to the address contained in the ADDRESSES section of this notice.

FCS encourages all interested parties, especially affected industry representatives, to submit written comments indicating concerns about the preliminary yield data. Any comments disagreeing with the yield findings should include supporting data. Written comments should be sent to FCS at the address in the ADDRESSES section of this notice. FCS will consider all timely comments prior to publishing the final yield data findings.

Yield Research on Specific Items

Interested parties may also submit requests for yield research on specific food items by sending such requests, in writing, to the address listed in the ADDRESSES section of this notice.

Food Buying Guide Revision

Note that the yield information to be published on the web site will be preliminary and will not be incorporated into the Child Nutrition Database nor may it be relied upon for CN Labeling or meal planning purposes until finally announced at the time the Food Buying Guide revisions are made. The Food and Consumer Service does not expect to finalize the final yield data until late 1998. The final Food Buying Guide is expected to be printed and distributed by the Spring of 1999. It will be distributed in printed copy to all school food authorities and other institutions participating in the child nutrition programs. Printed copies will be made available for sale. It will also be made available on the Internet.

Authority: 42 U.S.C. 1751-1760, 1779.

Dated: July 9, 1997.

William E. Ludwig,

Administrator, Food and Consumer Service.

Forest Service

[MT-962-1430-00-CCAM]

Notice of Availability for the Proposed Cooke City Area Mineral Withdrawal Final Environmental Impact Statement; Montana

AGENCY: Bureau of Land Management, Interior; Forest Service, Agriculture.

ACTION: Notice.

SUMMARY: This Notice of Availability is issued by the Bureau of Land Management, Interior, and the Forest Service, Agriculture, as the joint lead agency. The final Environmental Impact Statement (EIS) documents the effects of withdrawing from federal mineral location and entry up to 22,000 acres of federal mineral estate near Cooke City, Montana. The proposed mineral withdrawal would also apply to hardrock minerals acquired by the United States and managed as leasable minerals. The proposed mineral withdrawal would be subject to review after 20 years. Forest plans for the Custer and Gallatin National Forests would be amended to reflect the intent of the mineral withdrawal.

FOR FURTHER INFORMATION CONTACT: John Thompson, BLM Co-Lead, or Larry Timchak, FS Co-Lead, CCAM, P.O. Box 36800, Billings, Montana, 59107-6800, (406) 255-0322.

SUPPLEMENTARY INFORMATION: This EIS analyzes the environmental consequences of implementing two alternatives. The proposed withdrawal of federal locatable minerals would not allow new mining claims to be filed on federal lands in the area. Unpatented mining claims with valid existing rights and private lands would not be affected. The no action alternative (No Mineral Withdrawal) provides a baseline for comparison. This alternative would continue the management that existed prior to September 1, 1995. The Secretary of the Interior is the responsible official for the decision on a mineral withdrawal. Concurrence on a withdrawal decision by the Secretary of Agriculture is required because the lands under consideration for withdrawal are administered by the Forest Service, USDA. If a mineral withdrawal is approved, the Secretary of Agriculture is the responsible official for the Custer and Gallatin National Forest Plan amendment decisions.

DATES: A decision on the mineral withdrawal is anticipated in mid- to late August 1997.

Dated: June 23, 1997.

Thomas P. Lonnie,

Deputy State Director, Division of Resources, Bureau of Land Management.

Kathleen A. McAllister,

Deputy Regional Forester, USFS Northern Region.

Aramid Fiber Formed of Poly Para-Phenylene Terephthalamide From the Netherlands; Final Results of Antidumping Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of the antidumping duty administrative review; Aramid Fiber formed of poly para-phenylene terephthalamide from the Netherlands.

SUMMARY: On March 7, 1997, the Department of Commerce (the Department) published the preliminary results of its administrative review of the antidumping duty order on aramid fiber formed of poly para-phenylene terephthalamide (PPD-T aramid) from the Netherlands. The review covers one manufacturer/exporter and the period June 1, 1995 through May 31, 1996. We gave interested parties an opportunity to comment on our preliminary results. Based on our analysis of the comments received, we have revised the results from those presented in the preliminary results of review.

EFFECTIVE DATE: July 16, 1997.
