The applicant requests authorization to import five marine mammals, from Santo Domingo, Dominican Republic, where they are currently on tour, to Puerto Rico for a similar traveling exhibit in the cities of San Juan, Ponce and Mayaguez. The applicant has applied for an Exhibitor's License from the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS) under the Animal Welfare Act. APHIS has conducted a pre-licensing inspection of the proposed site at Parque Luis Munoz Marin, Hato Rey, San Juan, and each subsequent site will be inspected by APHIS prior to the transport of the marine mammals. As any issues relating to the care and maintenance of captive marine mammals are within the purview of APHIS, under the AWA, a copy of the application is also being sent to APHIS for review.

Each exhibit site will be open to the public on a regularly scheduled basis with access that is not limited or restricted other than by charging an admission fee and will offer an educational program.

In addition to determining whether the applicant meets the public display criteria provided in sec. 104 (2)(a)(i-iii) of the MMPA, NMFS must determine whether the applicant has demonstrated that the proposed activity is humane and does not present any unnecessary risks to the health and welfare of marine mammals; that the proposed activity by itself or in combination with other activities, will not likely have a significant adverse impact on the species or stock; and that the applicant's expertise, facilities, and resources are adequate to accomplish successfully the objectives and activities stated in the application.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.
