Notice of Proposed Reinstatement of Terminated Oil and Gas Lease

July 18, 1997.

Pursuant to the provisions of 30 U.S.C. 188 (d) and (e), and 43 CFR 3108.2-3 (a) and (b) (1), a petition for reinstatement of oil and gas lease WYW107756 for lands in Campbell County, Wyoming, was timely filed and was accompanied by all the required rentals accruing from the date of termination. The lessee has agreed to the amended lease terms for rentals and royalties at rates of \$5.00 per acre, or fraction thereof, per year and 16 $\frac{2}{3}$ percent, respectively.

The lessee has paid the required \$500 administrative fee and \$125 to reimburse the Department for the cost of this **Federal Register** notice. The lessee has met all the requirements for reinstatement of the lease as set out in Section 31 (d) and (e) of the Mineral Lands Leasing Act of 1920 (30 U.S.C. 188), and the Bureau of Land Management is proposing to reinstate lease WYW107756 effective March 1, 1997, subject to the original terms and conditions of the lease and the increased rental and royalty rates cited above.

National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from Shawnee County, KS in the Possession of the Kansas State Historical Society, Topeka, KS

AGENCY: National Park Service.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains and associated funerary objects from Shawnee County, KS in the possession of the Kansas State Historical Society, Topeka, KS.

A detailed assessment of the human remains was made by Kansas State Historical Society (KSHS), Kansas State

University, and Wichita State University professional staff in consultation with representatives of the Citizen Band of Potawatomi, the Prairie Band of Potawatomi Indians, and the Kaw Indian Tribe.

In 1969, human remains representing two individuals were recovered from site 14SH322 during legally authorized excavations by KSHS for the proposed Grove Reservoir project. No known individuals were identified. The 31 associated funerary objects include ceramic sherds, glass beads, a copper bracelet, a fire steel, a projectile point, and a gunflint.

Site 14SH322 has been identified as precontact Plains Woodland and historic Native American habitation site based on material culture. Based on the associated funerary objects and indications of wood coffins, these individuals have been determined to be Native American, and the burials date from approximately 1825-1870 A.D. This site is within the boundaries of the Potawatomi reservation of 1848-1861. Consultation with representatives of the Citizen Band of Potawatomi, the Prairie Band of Potawatomi Indians, and the Kaw Indian Tribe indicates these burials are likely to be affiliated with the Potawatomi rather than the Kaw Indian Tribe.

In 1984 and 1992, human remains representing one individual were recovered from the surface of site 14SH334, a plowed field on the west edge of Rossville by KSHS archeologists. No known individual was identified. The associated funerary object is a copper or brass crucifix.

Site 14SH334 may be associated with the farmstead of the Potawatomi families Laughton and Laughton-Nadeau dating from 1848 to 1868 based on historic records pertaining to the Potawatomi reservation located in Shawnee county during 1848-1861. Several other Potawatomi family farmsteads were also present in the area, known from both historical documents and confirmed through archeological evidence. The associated funerary object, dating from the mid-nineteenth century, is a likely indicator of Catholic religious affiliation, common for many Potawatomi. Based on the associated funerary object and likely age of the burial, this individual is believed to be Native American, and the historic records for this site indicate this individual was likely Potawatomi.

In 1880, human remains representing three individuals were donated to the Kansas State Historical Society by Mr. Joel Lucas. No known individuals were identified. The three associated funerary objects include a decoratively carved
