

supplies of potable water becoming available. As a result of this action, Cagle's, Inc. will likely build a poultry processing plant in Clinton County and support facilities, such as a feed mill, hatchery, poultry farms, and associated utility lines. The proposal is supported by and consistent with local initiatives developed by the Kentucky Highlands Empowerment Zone and the Clinton County Empowerment Zone Community, Incorporated.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

AGENCY: Bureau of the Census.

Title: 1998 American Community Survey.

Form Number(s): ACS-1/1A, -10/10A, -12(L)/12A(L), -13(L)/13A(L), -14(L)/14A(L), -16(L)/16A(L), -20/20A, -30/30A.

Agency Approval Number: 0607-0810.

Type of Request: Revision of a currently approved collection.

Burden: 72,325 hours.

Number of Respondents: 258,000.

Avg Hours Per Response: 30 minutes.

Needs and Uses: The Census Bureau is developing a methodology known as "Continuous Measurement" which will produce socioeconomic data on a continual basis throughout the decade for small areas and small subpopulations. The American Community Survey (ACS), implemented in November 1995, is a continuing full-scale data collection effort designed to determine the feasibility of a continuous measurement system. The survey includes samples in specific sites as well as a national sample to test response rates and our ability to obtain telephone numbers for nonresponse households. The data collected in this survey will be within the general scope and nature of those inquiries covered in the decennial census every ten years.

In addition to the present 8 survey sites, we plan to add 2 new sites: Richland and Kershaw counties, South Carolina, including the city of Columbia; and Broward County, Florida.

The objectives of the 1998 test are to:—Develop and test sampling and data collection procedures in a number of different data collection situations—Develop and implement procedures to create a national list of group quarters, and integrate housing unit and group quarters data collection—Produce estimates for consecutive years for the continuing survey sites—Investigate the effects of conducting the ACS at the same time and place as a census

The ACS will be conducted at the same time and place (Richland & Kershaw Counties) as the 2000 Dress Rehearsal. This is being done for reasons stated above. We will ensure that no household receiving the ACS questionnaire will also get the long-form census questionnaire.

Affected Public: Individuals or households.

Frequency: Monthly.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C. Section 182.

OMB Desk Officer: Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by

calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: July 23, 1997.

Linda Engelmeier,

Departmental Forms Clearance Officer, Office of Management and Organization.
