**SUPPLEMENTARY INFORMATION:****I. Background**

Department of Labor, Employment and Training Administration regulations, 20 CFR 601, Administrative Procedures, contains collection of information requirements at Sections 601.2 and 601.3. Section 601.2 requires States to submit copies of their unemployment compensation laws for approval by the Secretary of Labor so that the Secretary may determine the status of State laws and plans of operation. Section 601.3 requires States to "submit all relevant State materials such as statutes, executive and administrative orders, legal opinions, rules, regulations, interpretations, court decisions, etc." These materials are used by the Secretary to determine whether the State law contains provisions required by Section 3304(a) of the Internal Revenue Code of 1986. Grants of funds are made to States for the administration of their employment security laws if their unemployment compensation laws and their plans of operation for public employment offices meet required conditions of Federal laws.

The information transmitted by Form MA 8-7 is used by the Secretary to make findings (as specified in the above cited Federal laws) required for certification to the Secretary of the Treasury for payment to States or for certification of the State law for purposes of additional tax credit. If this information is not available, the Secretary cannot make such certifications.

To facilitate transmittal of required material, the Department prescribes the use of Form MA 8-7, Transmittal for Unemployment Insurance Materials. This simple checkoff form is used by the States to identify material being transmitted to the National Office and allows the material to be routed to appropriate staff for prompt action.

**II. Current Actions**

States could not be certified if this information were not collected and Form MA 8-7 greatly facilitates its receipt.
