

DEPARTMENT OF DEFENSE**Department of the Navy****Withdrawal of Surplus Land at Military Installations Designated for Realignment: Naval Air Station, Key West, Florida**

SUMMARY: This Notice provides information on withdrawal of surplus property at the Naval Air Station, Key West, Florida.

SUPPLEMENTARY INFORMATION: In 1995, the Naval Air Station, Key West, Florida was designated for realignment pursuant to the Defense Base Closure and Realignment Act of 1990, Public Law 101-510, as amended. Pursuant to this designation, in April of 1996, approximately 168.14 acres of land and related facilities at this installation were declared surplus to the federal government and available for use by (a) non-federal public agencies pursuant to various statutes which authorize conveyance of property for public projects, and (b) homeless provider groups pursuant to the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended. Approximately 35 acres of land improved with 10 buildings have been requested for transfer by other federal agencies and was not included within the 168.14 acres. On July 3, 1997, a second determination was made to withdraw land and facilities previously reported as surplus that are now required by the federal government.

Notice of Surplus Property

Pursuant to paragraph (7)(B) of section 2905(b) of the Defense Base Closure and Realignment Act of 1990, as amended by the Base Closure Community Redevelopment and Homeless Assistance Act of 1994, the following information regarding the withdrawal of previously reported surplus property at the Naval Air Station, Key West, FL is published in the **Federal Register**:

Description of Withdrawn Property

The following is a description of land and facilities at the Naval Air Station, Key West that are withdrawn from surplus by the federal government.

Land

Approximately 16 acres of improved and unimproved fee simple land at the Naval Air Station, Key West, FL known as the Trumbo Point Annex Tank Farm.

Buildings

The following is a summary of the facilities located on the above described land. Electrical distribution substations and the fuel farm maintenance facility consisting of 10 buildings.

FOR FURTHER INFORMATION CONTACT: John J. Kane, Director, Department of the Navy, Real Estate Operations, Naval Facilities Engineering Command, 200 Stovall Street, Alexandria, VA 22332-2300, telephone (703) 428-0436, or E.R. Nelson, Jr., Director, Real Estate Division, Southern Division, Naval Facilities Engineering Command, P.O. Box 190010, 2155 Eagle Drive, North Charleston, SC 29419-9010, telephone (803) 820-7494.

Dated: July 21, 1997.

M.D. Sutton,

LCDR, JAGC, USN, Federal Register Liaison Officer.

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION**Recognition of Accrediting Agencies, State agencies for Approval of Public Postsecondary Vocational Education**

AGENCY: Department of Education.

ACTION: Request for Comments on Agency applying to the Secretary for Renewal of Recognition.

FOR FURTHER INFORMATION CONTACT:

Karen W. Kershenstein, Director, Accreditation and Eligibility Determination Division, U.S. Department of Education, 600 Independence Avenue, SW., Room 3915 ROB-3, Washington, DC 20202-5244, telephone: (202) 708-7417. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service at 1-800-877-8339 between 8 a.m. and 7 p.m., Eastern time, Monday through Friday.

SUBMISSION OF THIRD-PARTY COMMENTS:

The Secretary of Education recognizes, as reliable authorities as to the quality of education offered by institutions or programs within their scope, accrediting agencies and State approval agencies for public postsecondary vocational education and nurse education that meet certain criteria for recognition. A notice published in the **Federal Register** on July 2, 1997 (Volume 62, page 35791) invited interested third parties to present written comments on agencies scheduled for review at the November 1997 meeting of the National Advisory Committee on Institutional Quality and Integrity. The purpose of this notice is to correct the information provided in

the July 2, 1997 notice regarding the request for an expansion of scope submitted by the Accrediting Bureau of Health Education Schools. The correct information is included at that end of this notice. This notice also extends the deadline for interested third of scope from August 18, 1997 to September 2, 1997. All other provisions of the July 2, 1997 **Federal Register** notice remain in effect.

Request for an Expansion of Scope

1. Accrediting Bureau of Health Education Schools (Current scope of recognition; the accreditation of private, postsecondary allied health education institutions, private medical assistant programs, public and private medical laboratory technician programs, and allied health programs leading to the Associate of Applied Science and the Associate of Occupational Science degree. Requested expansion of scope: the accreditation of institutions offering predominantly allied health education programs. "Predominantly" is defined by the agency as follows: at least 70 percent of the number of active programs offered are in the allied health area, and the number of students enrolled in those programs exceeds 50 percent of the institution's full-time equivalent (FTE) students, or at least 70 percent of the FTE students enrolled at the institution are in allied health programs.)

Dated: July 28, 1997.

David A. Longanecker,

Assistant Secretary for Postsecondary Education.

BILLING CODE 4000-01-M

DEPARTMENT OF ENERGY**Floodplain Statement of Findings for the Southeast Drainage at the Weldon Spring Site**

AGENCY: Office of Environmental Management, DOE.

ACTION: Floodplain Statement of Findings.

SUMMARY: This is a Floodplain Statement of Findings for the Southeast Drainage at the Weldon Spring Site, prepared in accordance with 10 CFR part 1022. The U.S. Department of Energy (DOE) proposes to remove contaminated sediment from the Southeast Drainage, an intermittent stream located in St. Charles County, Missouri (Fig.1). The lower portion of the drainage occurs within the 100-year floodplain of the Missouri River. DOE
