

EPA intends to appoint new members to two-year terms, although some one-year terms may be necessary. An important consideration in EPA's selection of members will be to maintain balance and diversity of experience and expertise. EPA also intends to seek broad geographic representation from the following sectors: environmental/public interest and consumer groups; industry and pesticide users; Federal and State/local governments; the general public; academia; and public health organizations.

Potential candidates should submit the following information: name, occupation, organization, position, address, telephone number and a brief resume containing their background, experience, qualifications and other relevant information as part of the consideration process. Any interested person and/or organization may submit the name(s) of qualified persons.

Copies of the PPDC charter are filed with appropriate committees of Congress and the Library of Congress and are available upon request.

List of Subjects

Environmental protection.

Dated: July 24, 1997.

Daniel M. Barolo,

Director, Office of Pesticide Programs.
