[Project No. 9179-002]

Wayne J. Krieger; Notice of Availability of Environmental Assessment

July 29, 1997.

In accordance with the National Environmental Policy Act of 1960 and the Federal Energy Regulatory Commission's (Commission's) Regulations, 18 CFR 380 (Order 486, 52 F.R. 47897), the Commission's office of Hydropower Licensing has reviewed an exemption surrender application for the Skyview Project, No. 9179-002. The Skyview Project is located on an unnamed tributary of Coy Creek in Curry County, Oregon. The exemptee is applying for a surrender of the exemption due to chronic generator problems that are uneconomical to repair. The EA finds that approving the application would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the EA are available for review in the Commission's Reference and Information Center, 888 First Street, N.E., Washington, D.C. 20426. For further information, please contact the project manager, Ms. Hillary Berlin, at (202) 219-0038.
