**Notice of Comment Period Extension
Draft Environmental Impact Statement
(DEIS) for the Enhanced Training in
Idaho Proposal Mountain Home Air
Force Base, ID**

The Air Force and the Bureau of Land Management are extending the public comment period for the Enhanced Training in Idaho DEIS to September 8, 1997. The DEIS prepared by the Air Force in accordance with the National Environmental Policy Act and the Federal Land Policy and Management Act and its associated regulations for public land withdrawals, was released for public comment on May 9, 1997. The Bureau of Land Management is a cooperating agency for the environmental and land renewal processes associated with the proposed action.

The DEIS analyses three range development alternatives to enhance training for the 366th Wing, Mountain Home AFB, Idaho, as well as a No-Action alternative. Development of one of the range alternatives would substantially enhance the realism, quality, and flexibility of local training. Each of the three range development alternatives includes a ground component and an airspace component. The ground component consists of development of a 12,000-acre tactical air-to-ground training range, 5 no-drop targets, 30 electronic emitter sites, and an associated road network, all of which would be located on federal and State of Idaho school endowment lands. For use of the federal lands, the Air Force proposes to initiate a Department of Defense military withdrawal under the Engle Act for the larger portions and to

obtain rights-of-way from the Bureau of Land Management for the smaller portions. For use of the state school endowment lands, the Air Force proposes to enter into lease agreements with the State of Idaho. The airspace component of the three alternatives would involve modification of special use airspace, including establishment of restricted airspace over the tactical training range and reconfiguration and expansion of existing Military Operations Areas (MOAs), under approval of the Federal Aviation Administration.

Written comments on this document should be directed to U.S. Air Force/ Bureau of Land Management, P.O. Box 329, Boise, ID 83702-0329; for telephone inquiries, please contact Capt. Melissa Miller, Chief 366th Wing Public Affairs, Mountain Home Air Force Base, ID, (208) 828-6800.
