Agency Information Collection Activities: Submission to OMB Under Delegated Authority

Background

Notice is hereby given of the final approval of a proposed information collection by the Board of Governors of the Federal Reserve System (Board) under OMB delegated authority, as per 5 CFR 1320.16 (OMB Regulations on Controlling Paperwork Burdens on the Public). The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been

extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

FOR FURTHER INFORMATION CONTACT:

Chief, Financial Reports Section—Mary M. McLaughlin—Division of Research and Statistics, Board of Governors of the Federal Reserve System, Washington, DC 20551 (202-452-3829)
OMB Desk Officer—Alexander T. Hunt—Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 3208, Washington, DC 20503 (202-395-7860)

Final approval under OMB delegated authority of the extension for three years, without revision, of the following report:

1. Report title: Report of Changes in Foreign Investments (Made Pursuant to Regulation K)

Agency form number: FR 2064

OMB Control number: 7100-0109

Frequency: On occasion

Reporters: U.S. member banks, bank holding companies, and Edge and agreement corporations

Annual reporting hours: 750

Estimated average hours per response: 0.50

Number of respondents: 50

Small businesses are not affected.

General description of report: This information collection is mandatory (12 U.S.C. 602, 625 and 1844) and is given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: Member banks, Edge and agreement corporations, and bank holding companies are required to file the FR 2064 to record changes in their international investments. Sections 25 and 25A of the Federal Reserve Act (FRA) and Sections 4(c)(13) and 4(c)(14) of the Bank Holding Company Act govern the formation of Edge and agreement corporations and export trading companies and the international and foreign activities of U.S. banking organizations, including those of national banks, state member banks, Edge and agreement corporations, and bank holding companies. Pursuant to these statutory provisions, the Board adopted various regulatory provisions, all of which were consolidated in the Board's Regulation K, setting forth the procedures for making investments and engaging in activities under these statutes. Investments made under these procedures are reported on the FR 2064 whenever the reporting criteria are met. The FR 2064 report is filed no later than the last day of the month following the month in which the reportable investment occurred.

On December 29, 1995, the Board published proposed revisions to the FR

2064 in the *Federal Register* (60 FR 67357 - 67359) to be implemented as of March 31, 1996. On April 4, 1996, the Board published another notice (61 FR 15070) indicating that the implementation of these changes would be delayed while the Board contemplated revisions to Regulation K. Since the Board is still reviewing possible revisions to Regulation K, the FR 2064 has been extended for three years without change. When the review of Regulation K is complete, the Board will coordinate changes to the FR 2064 with any changes to the relevant portions of Regulation K. Respondents should continue to use the current form and instructions until further notice.

Board of Governors of the Federal Reserve System, August 4, 1997.

William W. Wiles,

Secretary of the Board.
