SUPPLEMENTARY INFORMATION:

Title: Application to Make and Register a Firearm.

OMB Number: 1512-0024.

Form Number: ATF F 1 (5320.1).

Abstract: Under the provisions of 26 U.S.C. 5822, no one can "make" a firearm that requires Federal registration under the National Firearms Act until he or she has applied for and received approval from the Secretary of the Treasury. The information supplied by the applicant on the form helps to establish the applicant's eligibility for approval of the request.

Current Actions: Revisions have been made to the ATF F 1 to reflect the establishment of two new categories of

persons prohibited from receiving firearms. Question 8f. asks whether the applicant is subject to a court order restraining him or her from harassing, stalking or threatening an intimate partner or child of such partner. Instruction 5.(8) explains that persons subject to such court orders may not lawfully possess a firearm. Question 9e. asks whether the applicant has been convicted in any court of a misdemeanor crime of domestic violence. The question explains this term, and then refers to definition 1.d which defines the term "misdemeanor crime of domestic violence." Finally, instruction 5.(9) explains that persons convicted of such misdemeanor crimes of domestic violence may not lawfully possess a firearm. Other clarifying changes have been made in order to achieve consistency with other firearms forms.

Type of Review: Extension with changes.

Affected Public: Individuals or households, business or other for-profit organizations.

Estimated Number of Respondents: 1271.

Estimated Time Per Respondent: 4 hours.

Estimated Total Annual Burden Hours: 5,084.

REQUEST FOR COMMENTS: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: August 6, 1997.
