DEPARTMENT OF AGRICULTURE

Forest Service

Control Lake Timber Harvest

AGENCY: Forest Service, USDA.

ACTION: Notice of Intent to prepare a Supplement to the Draft Environmental Impact Statement.

SUMMARY: The Tongass National Forest-Ketchikan Area will prepare a Supplement to the Control Lake Draft Environmental Impact Statement (DEIS). The Supplement will address several changed conditions including: a) the closure of the Ketchikan Pulp Mill, b) that timber would no longer be offered to Ketchikan Pulp Company under its long term timber sale contract with the Forest Service, and c) issuance of the Revised Tongass National Forest Land Management Plan. The Supplement will also address public comments received on the Control Lake DEIS.

FOR FURTHER INFORMATION CONTACT: Questions about the project can be directed to: Forest Supervisor, Tongass NF-Ketchikan Area, Attn: Control Lake SDEIS, Federal Building, Ketchikan, AK 99901.

SUPPLEMENTARY INFORMATION: The Supplemental DEIS is expected to be available to the public during the Fall of 1997. The comment period on the Supplement will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v.*

NRDC, 435 U.S. 519, 553, (1978). Environmental objections that could have been raised at the draft environmental impact statement stage may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns of the proposed action, comments on the Supplement to the Draft Environmental Impact Statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record on this proposed action and will be available for public inspection. Comments submitted anonymously will be accepted and considered; however, those who submit anonymous comments will not have standing to appeal the subsequent decision under 36 CFR Parts 215 or 217. Additionally, pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act (FOIA) permits such confidentiality. Requesters should be aware that, under FOIA, confidentiality may be granted in only very limited circumstances, such as to protect trade secrets. The Forest Service will inform the requester of the agency's decision regarding the request for confidentiality, and where the request is denied, the

agency will return the submission and notify the requester that the comments may be resubmitted with or without name and address within 7 days.

Permits: Permits required for implementation include the following:

1. U.S. Army Corp of Engineers
 - Approval of discharge of dredged or fill material into the waters of the United States under Section 404 of the Clean Water Act;
 - Approval of the construction of structures or work in navigable waters of the United States under Section 10 of the Rivers and Harbors Act of 1899;
2. Environmental Protection Agency
 - National Pollutant Discharge Elimination System (402) Permit;
 - Review Spill Prevention Control and Countermeasure Plan;
3. State of Alaska, Department of Natural Resources
 - Tideland Permit and Lease or Easement;
4. State of Alaska, Department of Environmental Conservation

 - Certification of Compliance with Alaska Water Quality Standards (401 Certification)

RESPONSIBLE OFFICIAL: Bradley E. Powell, Forest Supervisor, Ketchikan Area, Tongass National Forest, Federal Building, Ketchikan, Alaska 99901, is the responsible official. The responsible official will consider the comments, response, disclosure of environmental consequences, and applicable laws, regulations, and policies in making the decision and stating the rationale in the Record of Decision.

Dated: July 25, 1997.

Bradley E. Powell,

Forest Supervisor.
