

Pursuant to 8 CFR 252.1(d)(1)(ii), this conditional landing permit is valid for multiple landings for an aggregate of no more than 29 days during the 90-day period following the date of your in-person examination before an officer of the Immigration and Naturalization Service (Service). You must present yourself for another in-person examination before an officer of the Service upon expiration of this 90-day period. This landing authorization is conditional, and you may be required to present yourself for an in-person examination before an officer of the Service at any time during the 90-day period for which this permit has been issued.

(f) *Change of status.* An alien nonimmigrant crewman landed pursuant to the provisions of this part shall be ineligible for any extension of stay or for a change of nonimmigrant classification under 8 CFR part 248. A crewman admitted under paragraph (d)(1) of this section may, if still maintaining status, apply for a conditional landing permit under paragraph (d)(2) of this section. The application shall not be approved unless an application on Form I-408, Application to Pay Off or Discharge Alien Crewman, filed pursuant to paragraph (h) of this section, has been approved authorizing the master or agent of the vessel on which the crewman arrived to pay off or discharge the crewman and unless evidence is presented by the master or agent of the vessel to which the crewman will be transferred that a specified position on that vessel has been authorized for him or her or that satisfactory arrangements have been completed for the repatriation of the alien crewman. If the application is approved, the crewman shall be given a new Form I-95AB endorsed to show landing authorized under paragraph (d)(2) of this section for the period necessary to accomplish his or her scheduled reshipment, which shall not exceed 29 days from the date of his or her landing, upon surrendering any conditional landing permit previously issued to him or her on Form I-95AB.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA 128-0043; FRL-5876-1]

Approval and Promulgation of State Implementation Plans; California State Implementation Plan Revision, San Joaquin Valley Unified Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to act on revisions to the California State Implementation Plan (SIP) which concern five negative declarations from the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) for the following Oxides of Nitrogen (NO_x) source categories: Nitric and Adipic Acid Manufacturing Plants, Cement Manufacturing Plants, Asphalt Batch Plants, Iron and Steel Manufacturing Plants, and Driers. The intended effect of proposing to include these negative declarations in the SIP is to meet the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the Final Rules Section of this **Federal Register**, the EPA is acting on the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A rationale for this action is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed rule must be received in writing by September 15, 1997.

ADDRESSES: Written comments on this action should be addressed to: Julie A. Rose, Rulemaking Office (AIR-4), Air Division, U.S. Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the negative declarations are available for public inspection at EPA's Region 9 office and at the following locations during normal business hours. Rulemaking Office (AIR-4), Air Division, U.S. Environmental

Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105

Air Docket (6102), U.S. Environmental Protection Agency, 401 "M" Street, SW., Washington, DC. 20460

California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 2020 "L" Street, Sacramento, CA 95812

San Joaquin Valley Unified Air Pollution Control District, 1999 Tuolumne Street, Fresno, CA 93721

FOR FURTHER INFORMATION CONTACT: Julie A. Rose, Rulemaking Section, AIR-4, Air Division, U.S. Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105-3901, Telephone: (415) 744-1184.

SUPPLEMENTARY INFORMATION: This document concerns negative declarations for five NO_x source categories from the SJVUAPCD: (1) Nitric and Adipic Acid Manufacturing Plants, (2) Cement Manufacturing Plants, (3) Asphalt Batch Plants, (4) Iron and Steel Manufacturing Plants, and (5) Driers. These negative declarations certify that there are no major sources present in the above source categories in the SJVUAPCD. They were adopted by the SJVUAPCD on September 14, 1994 and submitted to EPA on October 17, 1994 by the California Air Resources Board. For further information, please see the information provided in the Direct Final action which is located in the Rules Section of this **Federal Register**.

Authority: 42 U.S.C. 7401-7671q.

Dated: August 1, 1997.

Felicia Marcus,

Regional Administrator.
