[Docket No. RP97-442-000]

Florida Gas Transmission Company; Notice of Proposed Changes to FERC Gas Tariff

August 13, 1997.

Take notice that on August 7, 1997, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheet to become effective April 1, 1997:

Sixth Revised Sheet No. 126

FGT states that in the instant filing, Sixth Revised Sheet No. 126 is being filed to incorporate tariff changes which have been previously accepted by the Commission but which, because of an inadvertent failure by FGT to make the conforming changes in a subsequent filing, are not reflected in the currently effective tariff sheet.

FGT states that on August 30, 1996, in Docket No. RP96-366-000, FGT filed a Section 4 rate case (Rate Case Filing) in which it submitted revised tariff sheets including Third Revised Sheet No. 126 superseding Substitute Second Revised Sheet No. 126. By order issued September 30, 1996 the Commission accepted the revised tariff sheets for filing and suspended them to become effective March 1, 1997. The order also established a technical conference to address certain of the tariff changes.

FGT states that on October 1, 1996, FGT submitted pro forma tariff changes in Docket No. RP97-21-000 to implement the business standards issued by the Gas Industry Standards Board (GISB) in compliance with Order No. 587 issued July 17, 1996 in Docket No. RM96-1-000. Among the pro forma tariff sheets submitted was Fourth Revised Sheet No. 126 which was redlined from Third Revised Sheet No. 126 included in the Rate Case Filing.

FGT states that subsequently, on December 10, 1996, FGT filed a Stipulation and Agreement of Settlement (December 10 Settlement) in Docket No. RP96-366 in resolution of certain operating issues addressed in the Rate Case Filing which were set for a technical conference by the Commission. The December 10 Settlement included the withdrawal of certain provisions proposed in the Rate Case Filing as well as modifications to other provisions and the refile of affected tariff sheets. Substitute Third Revised Sheet No. 126 proposed to become effective March 1, 1997, was

included among the tariff sheets filed with the December 10 Settlement, along with Fourth Revised Sheet No. 126 which was proposed to become effective April 1, 1997. The December 10 Settlement was approved by Commission order dated January 16, 1997.

FGT states that on February 28, 1997, in Docket No. RP97-21-002, FGT filed revised tariff sheets to implement the GISB standards which were previously filed and approved by the Commission on a pro forma basis. The tariff sheets were accepted to become effective April 1, 1997 by Letter Order dated March 21, 1997. Among the tariff sheets accepted was Fifth Revised Sheet No. 126. However, rather than incorporate the GISB changes into Fourth Revised Sheet No. 126, which was filed and approved in the December 10, Settlement, the changes were inadvertently made to Third Revised Sheet No. 126 included in the Rate Case Filing but subsequently withdrawn in the December 10 Settlement.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C., 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
