Because ProTechnics' request is within the bounds of that EA, it has been determined that a Finding of No Significant Impact is appropriate.

The generic EA is made available as NUREG/CR-3467. Copies of NUREG/CR-3467 may be purchased from the Superintendent of Documents, U.S. Government Printing Office, P.O. Box 37082, Washington, DC 20402-9328. Copies are also available from the National Technical Information Service, 5285 Port Royal Road, Springfield, VA 22161. A copy and ProTechnics' submittal are also available for inspection and copying for a fee in the NRC Public Document Room, 2120 L Street, NW. (Lower Level), Washington, DC 20555-0001.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-483]

Callaway Plant; Intent to Relocate Local Public Document Room

Notice is hereby given that the Nuclear Regulatory Commission (NRC) will be relocating the local public document room (LPDR) for records pertaining to Union Electric Company's Callaway Plant, Unit 1. The Callaway LPDR is currently located at the Callaway County Public Library, 710 Court Street, Fulton, Missouri. Library staff recently informed the NRC that they are no longer able to maintain the document collection and request that it be moved. This notice invites public comment on possible LPDR locations in the Callaway County, Missouri, area.

Among the factors the NRC will consider in selecting a new location for the LPDR are the following:

- (1) Whether the institution is an established document repository located near the nuclear facility with a history of impartially serving the public;
- (2) The physical facilities available, including shelf space, storage space, patron workspace, copying equipment and computer access;
- (3) The willingness and ability of the library staff to maintain the LPDR collection and assist the public in locating records;
- (4) The nature and extent of related research resources, such as government documents;
- (5) The public accessibility of the library, including handicap accessibility, parking, ground transportation, and hours of operation, particularly evening and weekend hours;
