

Statements. The staff examines and projects potential effects on soils, geology, water resources, land use, recreation, aesthetics, air and noise quality, vegetation, wildlife, cultural

resources and pipeline and liquefied natural gas (LNG) safety.

*Action:* The Commission is requesting a three-year extension of the current expiration date.

*Burden Statement:* Public reporting burden for this collection is estimated as:

Number of respondents annually (1)	Number of responses per respondent (2)	Average burden hours per response (3)	Total annual burden hours (1) × (2) × (3)
70	16.9	154	182,182

*Estimated cost burden to respondents:* 182,182 hours divided by 2,087 hours per year times \$110,000 per year equals \$9,602,310. The cost per respondent is equal to \$137,176.

The reporting burden includes the total time, effort, or financial resources expended to generate, maintain, retain, disclose, or provide the information including: (1) Reviewing instructions; (2) developing, acquiring, installing, and utilizing technology and systems for the purposes of collecting, validating, verifying, processing, maintaining, disclosing and providing information; (3) adjusting the existing ways to comply with any previously applicable instructions and requirements; (4) training personnel to respond to a collection of information; (5) searching data sources; (6) completing and reviewing the collection of information; and (7) transmitting, or otherwise disclosing the information.

The estimate of cost for respondents is based upon salaries for professional and clerical support, as well as direct and indirect overhead costs. Direct costs include all costs directly attributable to providing this information, such as administrative costs and the cost for information technology. Indirect or overhead costs are costs incurred by an organization in support of its mission. These costs apply to activities which benefit the whole organization rather than any one particular function or activity.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology e.g. permitting electronic submission of responses.

**Linwood A. Watson, Jr.,**

[Docket No. RP97-139-006]

#### Caprock Pipeline Company; Notice of Tariff Filing

August 15, 1997.

Take notice that on August 12, 1997, Caprock Pipeline Company (Caprock), tendered for filing the following revised sheets, to be effective June 1, 1997:

First Revised Volume No. 1  
Second Revised Sheet No. 37  
First Revised Sheet No. 38

In addition, Caprock tendered for filing the following revised tariff sheets, to be effective August 1, 1997:

First Revised Volume No. 1  
Second Revised Sheet No. 29A  
Substitute Second Revised Sheet No. 29A

Caprock states that these tariff sheets are being filed to comply with the Commission's order in Docket Nos. RP97-139-003, 004 and 005 issued July 29, 1997, directing Caprock to submit revised pagination for tariff sheets related to Order No. 587.

Caprock states that copies of the filing were served upon Caprock's jurisdictional customers, interested public bodies, and all parties to the proceedings.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. All such protests must be filed as provided in Section 154.210 of the Commission's

Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

#### Central Nebraska Public Power and Irrigation District; Nebraska Public Power District; Notice of Informal Settlement Conference

August 15, 1997.

An informal settlement conference will be convened on Tuesday and Wednesday, September 23 and 24, 1997, at 10:00 a.m., at the offices of the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC, 20426. Subsequent meetings will be scheduled as necessary. The purpose of these off-the-record meetings is to explore which issues remain contested and to work toward achieving settlement on any contested issues. Discussion will cover any proposals for settlement that may be presented. Any person appearing at the conference in a representative capacity must be authorized to negotiate and, to the extent authorized by law, settle matters addressed at the conference.

Any party, as defined by 18 CFR 385.102(c), is invited to send a representative to the conference. Any party wishing to make a presentation or needing additional information should contact Merrill F. Hathaway at (202) 208-0825, or John A. Schnagl at (202)

219-2661. Initial presentations will be limited to 10 minutes duration.

### Federal Energy Regulatory Commission

[Docket No. RP97-412-001]

#### CNG Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

August 15, 1997.

Take notice that on August 6, 1997, CNG Transmission Corporation (CNG) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets with an effective date of August 1, 1997:

Sub. Twenty-Eighth Revised Sheet No. 32  
Sub. Twenty-Eighth Revised Sheet No. 33

CNG states that the purpose of this filing is to comply with the July 22, 1997, letter order in the captioned proceeding, by which the Commission accepted CNG's July 1, 1997, quarterly Section 18.2.B surcharge filing effective August 1, 1997. The July 22 order specified that CNG's tariff accepted sheets were also subject to concurrent Commission action in CNG's pending general rate proceeding in Docket No. RP97-406. The Commission has suspended the rates in Docket No. RP97-406, until January 1, 1998. CNG proposes substitute Sheet Nos. 32 and 33 that reflect the updated Section 18.2.B surcharge, along with the pre-existing rates that will remain in effect during the suspension period in Docket No. RP97-406.

CNG states that copies of the filing are being mailed to CNG's customers and interested state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Copies of this filing

are on file with the Commission and are available for public inspection.

### Federal Energy Regulatory Commission

[Docket No. CP97-690-000]

#### Florida Gas Transmission Company; Notice of Application

August 15, 1997.

Take notice that on August 8, 1997, Florida Gas Transmission Company (FGT), 1400 Smith Street, Houston, Texas 77002 filed in Docket No. CP97-690-000 an application pursuant to Section 7(b) and 7(c) of the Natural Gas Act for permission and approval for FGT to reroute and/or relocate and abandon a portion a 24-inch mainline located in Calcasieu Parish, Louisiana, all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, FGT requests an order be issued authorizing one reroute and two relocations totaling approximately 18,370 feet of 24-inch mainline located in Calcasieu Parish, Louisiana. FGT states that the purpose of the reroute and/or relocation is to comply with the safety requirements of the U.S. Department of Transportation, which requires heavier wall pipe due to the proximity of new residential and commercial construction in the vicinity of FGT's mainline. FGT proposes to abandon in place, the three sections of 24-inch pipeline that will be taken out of service. FGT estimates the total cost of the proposal to be approximately \$3,762,161.

Any person desiring to be heard or to make any protest with reference to said application should on or before September 5, 1997, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to
