PART 50—STATEMENTS OF POLICY

5. The authority citation for part 50 continues to read as follows:

§ 50.8 [Removed and reserved]

6. Section 50.8 is removed and reserved.
CHAMPUS makes reviewing the status of the provider and circumstances of the services for each claim administratively unrealistic. Therefore, this prohibition has been applied universally to all providers.

We propose to provide an exception to this prohibition. There are situations where government agencies can meet their needs only by employing physicians on a part-time basis. For example, an agency may need the services of a physician in a certain specialty but cannot justify employing the physician on a full-time basis. These part-time employees maintain a private practice in which it is reasonable to expect that they will encounter CHAMPUS beneficiaries unrelated to their government employment. Therefore, we propose to permit these individuals to be authorized CHAMPUS providers if they meet three conditions. First, they must be employed by the government agency on a part-time basis—that is, less than twenty (20) hours per week. We have selected 20 hours as the limit, because we want to ensure that these physicians are truly part-time employees needed to fill a specific requirement. If the agency needs the services of an employee for twenty or more hours per week, we believe a full-time employee should be utilized. Second, the agency must certify that unique or special circumstances detrimental to the delivery of quality health care exist that can be overcome only by employing part-time, non-government, physicians. Third, the agency and the physician must certify that they understand and have taken appropriate measures to avoid violation of Standards of Conduct, dual compensation, and conflict of interest requirements including protection against referral of patients to the employee’s private practice.

Providers must certify on each CHAMPUS claim that he/she is not an employee of the government. In those cases where an exception to this prohibition has been granted, the provider will be required to certify on the CHAMPUS claim that an exception has been granted.

Exceptions can be granted only to physicians, and no exceptions will be granted retroactively. In addition, this exception provision applies to part-time physicians employed by all U.S. government agencies, such as those employed by the Department of Veterans Affairs which probably has the most frequent need for it.

It is our intention to delegate approval of all exceptions to the CHAMPUS fiscal intermediaries and managed care contractors. Therefore, requests for exceptions, including the necessary certifications, must be sent to the appropriate CHAMPUS FI/Contractor.

**Regulatory Procedures**

The Regulatory Flexibility Act (RFA) requires that each federal agency prepare, and make available for public comment, a regulatory flexibility analysis when the agency issues a regulation which would have a significant impact on a substantial number of small entities. This proposed rule is not a significant regulatory action under Executive Order 12866. The changes set forth in this proposed rule are minor revisions to the existing regulation. Since this proposed rule does not impose information collection requirements, it does not need to be reviewed by the Executive Office of Management and Budget under authority of the Paperwork Reduction Act of 1995 (44 U.S.C., Chapter 35).

Claims, Handicapped, Health Insurance, and Military personnel.

**PART 199—[AMENDED]**

Accordingly, 32 CFR Part 199 is amended as follows:

1. The authority citation for Part 199 continues to read as follows:

   **Authority:** 5 U.S.C. 301; 10 U.S.C. chapter 55.

2. Section 199.6 is amended by revising paragraph (a)(3) to read as follows:

   §199.6 Authorized providers.

   *(a)* * * * * *

   (3) Dual compensation/conflict of interest. 5 U.S.C. 5536 prohibits medical personnel who are active duty Uniformed Service members or civilian employees of the Government from receiving additional Government compensation above their normal pay and allowances for medical care furnished. In addition, Uniformed Service members and civilian employees of the Government are generally prohibited by law and agency regulations and policies from participating in apparent or actual conflict of interest situations in which a potential for personal gain exists or in which there is an appearance of impropriety or incompatibility with the performance of their official duties or responsibilities. Active duty Uniformed Service members (including a reserve member while on active duty) and civilian employees of the United States Government shall not be authorized to be CHAMPUS providers except as provided in this paragraph (a)(3). An exception to this policy may be made by the Director, OCHAMPUS, on a case-by-case basis only for a physician employed by the Government on a part-time basis (i.e., less than 20 hours per week) when the employing agency requests an exception based on unique or special circumstances detrimental to the delivery of quality health care, and the employing agency and the physician have certified that they understand and have taken appropriate measures to avoid violation of Standards of Conduct, dual compensation, and conflict of interest requirements including protection against referral of patients to the employee’s civilian practice. A provider shall certify on each CHAMPUS claim that he/she is not an active duty Uniformed Service member or civilian employee of the Government. For those physicians who are part-time government employees and have been granted an exception, the provider shall certify on each CHAMPUS claim that an exception has been granted.
