Foreign-Trade Zones Board

[Docket 68-97]

Foreign-Trade Zone 119—Minneapolis, MN; Application for Subzone Status, Zytec Corporation Facilities (Electric Power Supplies), Redwood Falls, MN

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Metropolitan Area Foreign Trade Zone Commission, Inc., grantee of FTZ 119 (Minneapolis, Minnesota, area), requesting special-purpose subzone status for the electric power supply manufacturing facilities of Zytec Corporation (Inc.), located in Redwood Falls, Minnesota. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on August 22, 1997.

The proposed subzone would consist of Zytec's manufacturing/warehousing facilities on two parcels located in Redwood Falls (Redwood County), Minnesota, some 80 miles southwest of Minneapolis: Parcel 1 (134,000 sq. ft. on 12 acres)—manufacturing/warehouse facilities, 1425 East Bridge Street, about one-half mile east of downtown Redwood Falls; Parcel 2 (46,000 sq. ft. on 4 acres)—manufacturing/warehouse

facilities, adjacent west of Parcel 1. The facilities (800 employees) are used to produce electric switch mode power supplies (HTSUS #8504.40.60) for the U.S. market and export. The power supplies are sold to manufacturers of data processing, communications, and electronic business equipment. The production process involves assembly, testing and warehousing. Components purchased from abroad (about 50% of total, by value) include: Diodes, semiconductors, transformers, thermostats, torroids, inductors, fans, batteries, circuit breakers, resistors, and capacitors (duty rate range: free—9.4%).

FTZ procedures would exempt Zytec from Customs duty payments on the foreign components used in the export production. On its domestic sales, the company would be able to choose the duty rate that applies to the power supplies (duty free) for the foreign inputs noted above. The application indicates that subzone status would help improve the international competitiveness of the Zytec facilities.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 28, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to November 12, 1997).

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:
