In accordance with section 351.213 of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. The Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 771(9) of the Act, an interested party must specify the individual producers or exporters covered by the order or suspension agreement for which they are requesting a review (Interim Regulations, 60 FR 25130, 25137 (May 11, 1995)). Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, N.W., Washington, D.C. 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation

of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of September 1997. If the Department does not receive, by the last day of September 1997, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: August 22, 1997.

Jeffrey P. Bialos,

Principal Deputy Assistant Secretary for Import Administration.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amended final results of antidumping duty administrative reviews.

SUMMARY: On January 15, 1997, the Department of Commerce (the Department) published Antifriction Bearings (other than tapered roller bearings) and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom; Final Results of Antidumping Duty Administrative Reviews, 62 FR 2081. On May 27, 1997, the Court of International Trade (CIT) remanded the Final Results to the Department to correct certain clerical errors therein with respect to the antidumping duty orders on antifriction bearings (AFBs) from Japan (concerning AFBs sold by NSK Ltd. and NSK Corporation (NSK)) and the United Kingdom (concerning AFBs sold by

NSK Bearings Europe Ltd. and RHP Bearings Ltd. (NSK/RHP)). In this notice, we are amending the Final Results to reflect these corrections. The reviews at issue cover the period May 1, 1994, through April 30, 1995. The classes or kinds of merchandise covered by the reviews are ball bearings and parts thereof (BBs) and cylindrical roller bearings and parts thereof (CRBs).

EFFECTIVE DATE: August 29, 1997.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla or Robin Gray, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On January 15, 1997, the Department published in the **Federal Register** the final results of its administrative reviews of the antidumping duty orders on AFBs from France, Germany, Italy, Japan, Singapore, and the United Kingdom (62 FR 2081). Respondents NSK and NSK/RHP challenged the final results before the Court of International Trade (CIT), alleging clerical errors in the calculations for AFBs from Japan and the United Kingdom. On May 27, 1997, the CIT remanded the Final Results to the Department to correct certain clerical errors. *See NSK Ltd., and NSK Corporation v. United States*, 966 F. Supp. 1241 (May 27, 1997), and *RHP Bearings Ltd. et al. v. United States*, 966 F. Supp. 1240 (May 27, 1997).

On June 23, 1997, in compliance with the CIT's instructions, we submitted a remand redetermination correcting the clerical errors at issue. On July 7, 1997, in slip opinion 97-90, the CIT affirmed the remand redetermination. On August 8, 1997, the CIT ordered the Department to issue, and transmit to the **Federal Register** for publication, the amended Final Results arising from the remand redetermination. This notice implements the CIT's order.

Amended Final Results of Reviews

As a result of the amended margin calculations as directed by the CIT, the following weighted-average percentage margins exist for the period May 1, 1994, through April 30, 1995:

Manufacturer/exporter and country	BBs rate (percent)	CRBs rate (percent)
NSK Ltd., Japan	12.61	21.61
NSK/RHP, United Kingdom	20.15	23.60

The Department shall determine, and the Customs Service shall assess,

antidumping duties on all appropriate entries. Because sampling and other simplification methods prevent entry-by-entry assessments, we will calculate wherever possible an exporter/importer-specific assessment rate for each class or kind of AFBs.

We will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in the Final Results (62 FR 2081) and as amended by this determination. These amended deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative reviews.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply is a violation of the APO.

This amendment of final results of reviews and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d)) and 19 CFR 353.28(c).

Dated: August 26, 1997.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

The applicant requests authorization to import two male marine mammals from Switzerland where the animals are currently maintained at Conny-Land, a public display facility in Lipperswil, for exhibit with the circus during its 1997-

Each exhibition will be open to the public on a regularly scheduled basis with access that is not limited or restricted other than by charging an admission fee and will offer an educational program based upon the standards of both the AZA and the Alliance.

In addition to determining whether the applicant meets the public display criteria provided in sec. 104 (2)(a)(i-iii) of the MMPA, NMFS must determine whether the applicant has demonstrated that the proposed activity is humane and does not present any unnecessary risks to the health and welfare of marine mammals; that the proposed activity by itself or in combination with other activities, will not likely have a significant adverse impact on the species or stock; and that the applicant's expertise, facilities, and resources are adequate to accomplish successfully the objectives and activities stated in the application.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.
