BILLING CODE 4910-62-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Approval of Noise Compatibility Program; Laughlin/Bullhead International Airport, Bullhead City, AZ

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its findings on the Noise Compatibility Program submitted by the Mohave County Airport Authority, Inc., under

the provisions of Title I of the Aviation Safety and Noise Abatement Act of 1979 (Pub. L. 96-193) and 14 CFR part 150. These findings are made in recognition of the description of federal and nonfederal responsibilities in Senate Report No. 96-52 (1980). On July 9, 1996, the FAA determined that the noise exposure maps submitted by the Mohave County Airport Authority, under Part 150, were in compliance with applicable requirements. On July 25, 1997, the Associate Administrator for Airports approved the Laughlin/Bullhead International Airport Noise Compatibility Program. There are 19 specific elements of the program. Eleven elements were approved outright, five elements were approved as voluntary measures. One element, the ATIS system, was approved in part as a voluntary measure and disapproved in part for installing the equipment as the sole purpose for carrying a noise abatement message. One element, the relocation of the maintenance operation to the east side of the airport, was disapproved pending submission of additional information to make an informed analysis regarding the noise benefit of the enclosure for the targeted residential areas. Additionally, one element, the preferential north flow of aircraft traffic, was disapproved because of air traffic control operational problems.

EFFECTIVE DATE: The effective date of the FAA's approval for the Laughlin/Bullhead International Airport noise compatibility program is July 25, 1997.

FOR FURTHER INFORMATION CONTACT: Charles Lieber, Airport Planner, Airports Division, AWP-611.1, Federal Aviation Administration, Western-Pacific Region, Mailing address: P.O. Box 92007, Worldway Postal Center, Los Angeles, California 90009-2007. Telephone: (310) 725-3614. Street address: 15000 Aviation Boulevard, Hawthorne, California 90261. Documents reflecting this FAA action may be reviewed at this location.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA has given its overall approval to the Noise Compatibility Program for the Laughlin/Bullhead International Airport, effective July 25, 1997.

Under Section 104(a) of the Aviation Safety and Noise Abatement Act of 1979 (hereinafter referred to as "the Act"), an airport operator who has previously submitted a Noise Exposure Map, may submit to the FAA, a Noise Compatibility Program which sets forth the measures taken or proposed by the airport operator for the reduction of existing noncompatible land uses and
