

discuss the role the Board will fill and set the framework for future meetings of the Board. On September 26, 1997, the agenda for this first meeting of the Board will include an overview of MEP to include manufacturing extension centers' current activities, impacts of services provided and future goals of centers.

**DATES:** The meeting will convene on September 26, 1997 at 9:00 am and will adjourn at 3:00 pm.

**ADDRESSES:** The meeting will be held in Building 301, Room C-145 (seating capacity 45, includes 15 participants), at NIST, Gaithersburg, Maryland.

**SUPPLEMENTARY INFORMATION:** MEP services to smaller manufacturers address the needs of the national market as well as the unique needs of each company. Since MEP is committed to providing this type of individualized service through its centers, the program requires the perspective of locally-based experts to be incorporated into its national plans. The MEP National Advisory Board was set up at the direction of the Director of the National Institute of Standards and Technology to maintain MEP's focus on local and market based needs. The NEP National Advisory Board was approved on October 24, 1996, in accordance with the Federal Advisory Committee Act, 5 U.S.C. app.2., to provide advice on MEP programs, plans, and policies; assess soundness of MEP plans and strategies; assess current performance against MEP program plans, and function in an advisory capacity. The Board will meet three times a year and reports to the Director of NIST. This will be the first meeting of the members.
