amended, 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement concerning litigation instituted against the Environmental Protection Agency (“EPA”) by the Arizona Center for Law in the Public Interest. The lawsuit concerns EPA’s alleged failure to perform a nondiscretionary duty with respect to determining whether the Phoenix, Arizona ozone nonattainment area has timely attained the national ambient air quality standard (“NAAQS”) for ozone, and if the area has not, to publish that determination in the Federal Register.

The settlement commits EPA to a schedule for making the determination as to whether the area attained the NAAQS, except that EPA is not obligated to make this determination if, instead, EPA determines that the area is eligible for an attainment date extension. If EPA determines that Phoenix failed to attain the ozone NAAQS as of the end of 1996, Phoenix will be reclassified, by operation of law, from a Moderate ozone nonattainment area to a Serious nonattainment area.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the settlement agreement. EPA or the Department of Justice may withhold or withdraw consent to the proposed settlement agreement if the comments disclose facts or circumstances that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

Copies of the settlement agreement are available from Phyllis Cochran, Air and Radiation Division (2344), Office of General Counsel, U.S. Environmental Protection Agency, 401 M St., SW., Washington, DC 20460; Office location, telephone, fax, and e-mail address: Sixth Floor, Crystal Station #4, 2800 Crystal Drive, Arlington, VA, 703-308-7378; fax: 703-308-8481; e-mail: mandula.barbara@epamail.epa.gov.
