Privacy Act of 1974; Republication of Existing Systems of Records

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of republication of existing systems of records.

SUMMARY: Under the Privacy Act of 1974, as amended, 5 U.S.C. 552a, EPA previously published notices for two systems of records maintained by EPA's Office of Inspector General (OIG): the

EPA-4 system of records called "OIG Criminal Investigative Index and Files—EPA/OIG" and the EPA-5 system of records called "OIG Personnel Security Files—EPA/OIG." The most recent notice for these systems of records was published in the **Federal Register** at 58 FR 29821 (May 24, 1993). Under 5 U.S.C. 552a(e)(4), EPA is revising the EPA-4 system notice to add three new routine uses and to update information about the categories of individuals covered by the system, the categories of records in the system, the authority for maintenance of the system, the way records are retrieved from the system, the record source categories, the system location, and the system manager's address. EPA is revising the EPA-5 system notice to add one new routine use and to update information about the categories of records in the system, the authority for maintenance of the system, the system location, and the system manager's address.

DATES: This notice will be effective without further notice on October 15, 1997, unless EPA receives written comments that would result in a contrary determination.

ADDRESSES: Interested persons may submit written comments to John C. Jones, Assistant Inspector General for Management, Office of Inspector General (2441), Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: John C. Jones, (202) 260-4912.

SUPPLEMENTARY INFORMATION: For the EPA-4 system of records, EPA is revising the notice to add three new routine uses: Routine use "u" allows the disclosure of records to officers and employees of other Federal agencies for the purpose of conducting quality assessments of the OIG; routine use "v" allows the disclosure of records to the public when the matter has become public knowledge, or when the Inspector General determines that such disclosure is necessary to preserve confidence in the integrity of the OIG investigative process or is necessary to demonstrate the accountability of EPA officers, employees, or individuals covered by this system, unless it is determined that disclosure of the specific information in the context of a particular case would constitute an unwarranted invasion of personal privacy; and routine use "w" allows the disclosure of records to the news media and public when there exists a legitimate public interest (e.g., to provide information on events in the criminal process, such as indictments),
