Transitional Adjustment Assistance:
Correction**

This notice corrects the notice for petition NAFTA-01711 which was published in the **Federal Register** of July 11, 1997 (62 FR 37284). A printing error concerning the company name and city location appears in the 7th line of the first and second column in the appendix table on page 37284. The company name should read "Lionel Beaver" instead of "D and K Harvesting" and the city location should read "Moore Haven, Florida" instead of "Labelle, Florida".

**Lithonia Lighting, Conyers, GA; Notice
of Revised Determination on
Reconsideration**

On July 31, 1997, the Department, issued a Notice of Affirmative Determination Regarding Application for Reconsideration regarding the petition for workers of the subject firm.

The initial investigation resulted in a negative determination issued on April 1, 1997, because criteria (3) and (4) of paragraph (a)(1) of Section 250 of the Trade Act of 1974, as amended, were not met. There was no shift of production from the Conyers, Georgia plant to Canada or Mexico, nor did Lithonia Lighting import "M" and industrial fluorescent lighting fixtures. The layoffs were attributable to the transfer of production to another domestic facility.

New information received by the Department shows that work performed by the employees at the subject plant was not limited to the production of "M" and industrial fluorescent lighting fixtures. The workers at the Conyers plant were engaged in employment

related to the production of fluorescent lighting fixtures.

New findings on reconsideration reveal that company imports of fluorescent lighting fixtures from Mexico and Canada increased from 1995 to 1996, and in the first six months of 1997 compared to the first six months of 1996.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles from Canada and Mexico like or directly competitive with fluorescent lighting fixtures contributed importantly to the declines in sales or production and to the total or partial separation of workers of Lithonia Lighting, Conyers, Georgia. In accordance with the provisions of the Act, I make the following certification:

All workers of Lithonia Lighting, Conyers, Georgia, who became totally or partially separated from employment on or after March 13, 1996, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed in Washington, D.C. this 21st day of August 1997.

Grant D. Beale,

Acting Director, Office of Trade Adjustment Assistance.

**Yonah Realty Company, Cornelia, GA;
Notice of Termination of Investigation**

Pursuant to Title V of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182) concerning transitional adjustment assistance, hereinafter called (NAFTA-TAA), and in accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 USC 2273), an investigation was initiated on June 20, 1997 in response to a petition filed on behalf of workers at Yonah Realty Company, Cornelia, Georgia.

This case is being terminated because all production and production-related employment at the subject firm ceased more than one year prior to the date of the petition.
