Approval and Promulgation of State Implementation Plan, South Carolina: Listing of Exempt Volatile Organic Compounds

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: On May 6, 1996, the South Carolina Department of Health and Environmental Control submitted revisions to the South Carolina State Implementation Plan (SIP) involving the addition of several compounds to the list of compounds exempt from regulation as Volatile Organic Compounds (VOC). In the final rules section of this **Federal Register**, the EPA is approving the revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.
