

Texaco also alleges that Sea Robin engaged in unduly discriminatory and preferential actions related to the manner in which it provided notice of capacity constraints and solicited bids for available capacity.

Texaco further asks the Commission to investigate the adequacy of Sea Robin's maintenance of its Erath Compressor Station to determine whether inadequate care in maintaining that facility contributed to the capacity constraint resulting from schedule maintenance on Sea Robin's Vermilion Block 149 Compressor Station.

Texaco also requests that Sea Robin be required to make restitution to Texaco for the damages it incurred as the direct result of Sea Robin's actions.

Transcontinental Gas Pipe Line Corporation; Notice of Tariff Filing

September 10, 1997.

Take notice that on September 5, 1997 Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing certain revised tariff sheets to its FERC Gas Tariff, Third Revised Volume No. 1, which tariff sheets are

enumerated in Appendix A attached to the filing. The proposed effective date of such tariff sheets is October 6, 1997.

Transco states that the purpose of the instant filing is to conform the provisions of Transco's Rate Schedule S-2 storage service to the service currently provided by Texas Eastern Transmission Corporation (Texas Eastern) to Transco under Texas Eastern's Rate Schedule X-28. Transco's purchase of Rate Schedule X-28 service is the means by which Transco provides service to its customers under Rate Schedule S-2. The X-28 service has changed from a "gas lending and borrowing" service to a traditional storage service, thereby necessitating corresponding changes to Transco's Rate Schedule S-2 service.

Transco states that copies of the filing are being mailed to its S-2 customers and interested State Commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E. Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
