SUMMARY: The Environmental Protection Agency (EPA) announces the deletion of the Bruin Lagoon Site (Site) in Bruin Borough, Pennsylvania from the National Priorities List (NPL). The NPL is Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the Commonwealth of Pennsylvania have determined that all appropriate Fund-financed responses under CERCLA have been implemented. Moreover, EPA and the Commonwealth of Pennsylvania have determined that remedial actions conducted at the Site to date remain protective of public health, welfare, and the environment.

EFFECTIVE DATE: September 18, 1997.

A notice of intent to delete for this site was published July 17, 1997 (62 FR 38239). The closing date for comments on the notice of intent to delete was August 18, 1997. EPA received no comments.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those

sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

Pioneer's Preference Rules**AGENCY:** Federal Communications Commission.**ACTION:** Final rule.

SUMMARY: In response to recent Congressional legislation, this Order terminates the Commission's pioneer's preference program and dismisses all pending pioneer's preference requests.

EFFECTIVE DATE: September 18, 1997.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order, ET Docket 93-266, FCC 97-309, adopted August 29, 1997, and released September 11, 1997. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, NW., Washington, DC, and also may be purchased from the Commission's duplication contractor, International Transcription Service, (202) 857-3800, 1231 20th Street, NW., Washington, DC 20036.

Summary of the Order

1. Our pioneer's preference program was initiated in 1991. The program provided preferential treatment in our licensing processes for parties that made significant contributions to the development of a new spectrum-using service or to the development of a new technology that substantially enhanced an existing spectrum-using service. Approximately 140 parties applied for pioneer's preferences in various services, and five preferences were granted.

2. The Commission no longer has the authority to grant pioneer's preferences. On August 5, 1997, the President signed into law the Balanced Budget Act of 1997 (Budget Act), Public Law 105-33, 111 Stat. 251 (1997). The Budget Act amends section 309(j)(13)(F) of the Communications Act to provide that "[t]he authority of the Commission to provide preferential treatment in licensing procedures * * * shall expire on the date of enactment of the Balanced Budget Act of 1997." Thus, as of August 5, 1997, the Commission's authority to grant any applicant a pioneer's preference expired.

3. The Commission has the following pioneer's preference requests pending before it:

- Suite 12 Group (now CellularVision U.S.A.), filed on September 23, 1991 in the 28 GHz Local Multipoint Distribution Service proceeding (PP-22 in RM-7872 and CC Docket No. 92-297);

- Sky Station International, filed on March 20, 1996 for a global stratospheric telecommunications service in the 47.2-47.5 GHz and 47.9-48.2 GHz bands (RM-8784 and ET Docket No. 94-124);

- Qualcomm Incorporated, filed on May 4, 1992 in the broadband Personal Communications Services proceeding (PP-68 in GEN Docket No. 90-314);
