

Subpart Cb, as it applies to large MWC units only. However, the approval action inadvertently included the Coos County, Coos Bay, Oregon, waste combustor site. This MWC has the capacity to combust less than or equal to 250 tons per year of municipal solid waste. As such, this source is designated a "small source," and is not subject to the requirements of the approved State Plan. This action corrects the list of identified sources by removing "Coos County, Coos Bay, Oregon," from 40 CFR § 62.9505 Identification of Sources (see 62 FR 36997).

Since the affected sources in the area are presently aware of this correction, no reopening or extension to the comment period is planned. However, a reopening to the comment period will be considered if requested by an interested person, based on a showing that additional time for comment is necessary in light of this correction.

**DATES:** This correction is effective September 18, 1997.

**SUPPLEMENTARY INFORMATION:** Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and, is therefore not subject to review by the Office of Management and Budget. In addition, this action does not impose any enforceable duty or contain any unfunded mandate as described in the Unfunded Mandates Reform Act of 1995 (P.L. 104-4), or require prior consultation with State officials as specified by Executive Order 12875 (58 FR 58093, October 28, 1993), or involve special consideration of environmental justice related issues as required by Executive Order 12898 (59 FR 7629, February 16, 1994).

Because this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

Under 5 U.S.C. 801(a)(1)(A) as added by the Small Business Regulatory Enforcement Fairness Act of 1996, EPA submitted a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives and the Comptroller General of the General Accounting

Office prior to publication of this rule in today's **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

In rule FR Doc. 97-18082 published on July 10, 1997, make the following correction. On page 36997, col. 3, § 62.9505 *Identification of Sources* is corrected by removing and reserving paragraph (b).

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 300

[FRL-5893-2]

#### National Oil and Hazardous Substances Contingency Plan; National Priorities List Update

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of deletion of the Hranica Landfill Site from the National Priorities List.

**SUMMARY:** The Environmental Protection Agency (EPA) announces the deletion of the Hranica Landfill Superfund Site (Site) in Buffalo Township, Pennsylvania from the National Priorities List (NPL). The NPL is Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the Commonwealth of Pennsylvania have determined that all appropriate Fund-financed responses under CERCLA have been implemented and that no further cleanup by responsible parties is appropriate. Moreover, EPA and the Commonwealth of Pennsylvania have determined that remedial actions conducted at the Site to date remain protective of public health, welfare, and the environment.

**EFFECTIVE DATE:** September 18, 1997.

**ADDRESSES:** Comprehensive information on this Site is available through the public docket which is available for viewing at the Site information repositories at the following locations: Hazardous Waste Technical Information Center, 9th Floor, EPA Region III, 841 Chestnut Building, Philadelphia, PA, 19107, (215) 566-5364. Buffalo

Township Municipal Building, 109 Bear Creek Road, Buffalo Township, PA 16055, (412)-259-2648.

#### FOR FURTHER INFORMATION CONTACT:

Garth Connor, Remedial Project Manager, EPA Region III, 841 Chestnut Building, Philadelphia, PA 19107, 215-566-3209.

**SUPPLEMENTARY INFORMATION:** The site to be deleted from the NPL is: Hranica Landfill, Buffalo Township, Pennsylvania.

A Notice of intent to delete for this site was published June 19, 1997 (62 FR 33381). The closing date for comments on the notice of intent to delete was July 21, 1997. EPA received no comments.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.
