

institutional commitment, quality of the facilities, availability of appropriate courses, and availability of research support.

Caliber of preceptors as researchers, including successful research support.

Organizational structure of the proposed training program, including delineation of administrative responsibilities for planning, oversight, and evaluation.

Demonstration of cooperation by any proposed collaborating facilities, institutions, or departments in providing research experiences and/or sites for trainees, including (where applicable) documentation of mechanisms by which trainees will be integrated into the ongoing primary medical care research activities of other entities.

When appropriate, the concomitant research training of health-professional postdoctorates (e.g., individuals with the M.D., D.O., D.D.S./D.M.D., etc.) with basic science postdoctorates (e.g., individuals with a Ph.D., etc.) or linkages with basic science department.

Demonstration of extent to which and ways in which HRSA support will be (has been in the past) leveraged through the use of other Federal and private resources to maximize primary medical care research training within the institution.

Availability of other relevant support.

3. Trainee Recruitment & Retention Plans

Recruitment and selection plans for trainees and the availability of high-quality candidates, including minority trainees (see below for details).

When appropriate, record of the research training program in retaining health-professional postdoctoral trainees for at least 2 years in research training or other research activities.

4. Program Record and Evaluation Plans

Past research training record of both the program and the designated preceptors as determined by the success of former trainees in seeking further career development and in establishing productive scientific careers. Evidence of further career development can include receipt of fellowships, career awards, a prestigious training appointment, and similar accomplishments. Evidence of a productive scientific career can include a record of successful competition for individual research grants, receipt of special honors, a record of publications, receipt of patents, promotion to prestigious positions in academe, industry, or health policy and any other appropriate measure of success

consistent with the nature and duration of the training received.

Record of the research training program in recruiting and retaining trainees, noting past annual success rates in filling committed slots.

Proposed methods for monitoring and evaluating performance of trainees and the overall program, record of trainees in obtaining individual research awards or fellowships following training, and in establishing careers in primary medical care research.

5. Budget

Reasonableness of the proposed budget, including number and levels of trainees, in relation to the research training.

An announcement will be made in the *HRSA Preview* for the competitive cycle in FY 1998.

The comment period is 30 days. All comments received on or before October 22, 1997 will be considered before the final review criteria are established. Written comments should be addressed to: Enrique Fernandez, M.D., Division of Medicine, Bureau of Health Professions, Health Resources and Services, Administration, Parklawn Building, Room 9A-20, 5600 Fishers Lane, Rockville, Maryland 20857, Telephone: (301) 443-1467, FAX: (301) 443-8890.

All comments received will be available for public inspection and copying at the Division of Medicine, at the above address, weekdays (Federal holidays excepted) between the hours of 8:30 a.m. and 5:00 p.m.

Dated: September 15, 1997.

Claude Earl Fox,

Acting Administrator.

Substance Abuse and Mental Health Services Administration

Federal Workplace Drug Testing Programs and Associated Forms: Extension of OMB Approval

The Office of Management and Budget (OMB) has approved the use of the Federal Custody and Control Form (CCF) until July 31, 2000, for Federal agency and federally regulated drug testing programs which must comply with the HHS Mandatory Guidelines for Federal Workplace Drug Testing Programs (59 FR 29908) dated June 9, 1994, and for the information provided by laboratories for the National

Laboratory Certification Program (NLCP).

The OMB approval requires that OMB Number 0930-0158 must be displayed in the upper right hand corner of the Federal Custody and Control Form, but the expiration date does not need to appear on the CCF. Additionally, the following Paperwork Reduction Act Notice must appear on the back of each copy of the CCF: Paperwork Reduction Act Notice (as required by 5 CFR 1320.21). Public reporting burden for this collection of information, including the time for reviewing instructions, gathering and maintaining the data needed, and completing and reviewing the collection of information is estimated for each respondent to average: 5 minutes/donor; 4 minutes/collector; 3 minutes/laboratory; and 3 minutes/Medical Review Officer. Send comments regarding these burden estimates or any other aspect of this collection of information, including suggestions for reducing this burden, to the SAMHSA Reports Clearance Officer, Paperwork Reduction Project (0930-0158), Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0930-0158.

Until current supplies are exhausted, Federal agencies and federally regulated industries are permitted to use Federal Custody and Control Forms that display the previous OMB Number, expiration date (6/30/97), and paperwork reduction act statement.

Send comments to Beatrice Rouse, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857.

Dated: September 15, 1997.

Richard Kopanda,

Executive Officer, SAMHSA.
