

However, many of these individuals have not gained access to AT, despite several federal initiatives to address their AT needs. This data collection will allow the Department of Education to assemble information on the types of AT currently used by this nation's disabled and the funding sources for these devices and services, as specified in the Technology-Related Assistance for Individuals with Disabilities Act, as amended. Subjects will represent two groups: AT service providers (e.g., district special education coordinators, vocational rehabilitation counselors, and state AT project personnel) and (B) consumers of AT devices and services.
