[Docket No. CP97-745-000]

Williston Basin Interstate Pipeline Company; Notice of Request Under Blanket Authorization

September 18, 1997.

Take notice that on September 11, 1997, Williston Basin Interstate Pipeline Company (Williston Basin), 200 North

Third Street, Suite 300, Bismarck, North Dakota 58501, filed in Docket No. CP97-745-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.211) for authorization to construct and operate new metering and associated appurtenant facilities in North Dakota, under Williston Basin's blanket certificate issued in Docket No. CP82-487-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

The proposed facilities will be used to provide delivery of transportation service gas to Bear Paw Energy, Inc. (Bear Paw). Williston Basin states that Bear Paw has requested installation of this metering facility to allow Williston Basin to make deliveries of up to 714 Mcf per day to be used to fuel a field compressor. The facilities to be constructed at the proposed metering facility will consist of a meter, regulator and miscellaneous piping, gauges and valves, all of which will be enclosed within a small pipe fence. The proposed metering facility will be constructed on existing pipeline right-of-way at the terminus of Williston Basin's 6-inch True Oil lateral line in Section 26, T154N, R102W, Williams County, North Dakota. The estimated cost is \$6,600 and 100% reimbursable by Bear Paw. The addition of the proposed facilities will have no significant effect on Williston Basin's peak day or annual requirements and the total volumes delivered will not exceed total volumes authorized prior to this request. Williston Basin also states that its existing tariff does not prohibit the addition of new delivery points and that there is sufficient capacity to accomplish deliveries without detriment or disadvantage to its other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for

authorization pursuant to Section 7 of the Natural Gas Act.
