

being filed because Iroquois discovered that, in making tariff filings in compliance with previous Commission orders in this docket, it had inadvertently filed two Original Sheets No. 64B, each with only part of the text that should have been included on that sheet. Substitute Original Sheet No. 64B includes all of the text from those two sheets on one substitute original sheet. No other changes were made on this sheet.

Iroquois also states that copies of this filing were served upon all customers and interested state regulatory agencies.

Any person desiring to protest said filing should file a protest with the Federal Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. CP97-737-000]

#### Mississippi River Transmission Corporation; Notice of Request Under Blanket Authorization

September 24, 1997.

Take notice that on September 8, 1997, Mississippi River Transmission Corporation (MRT), 1600 Smith Street, Houston, Texas 77002, filed in Docket No. CP97-737-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to construct and operate certain facilities in Sauget, Illinois, under MRT's blanket certificate issued in Docket No. CP82-489-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Specifically, MRT proposes to install and operate a 4-inch tap to serve an industrial customer, Industrial Products, Inc., (Industrial Products), in St. Clair, Illinois. MRT states that the total estimated volumes to be delivered to these facilities are 500,000 MMBtu annually and 3,500 MMBtu on a peak day. The estimated total cost of the facilities is \$102,965, and Industrial Products will reimburse MRT all of the actual construction costs.

Any person or the Commission's staff may, within 45 days after issuance of
