DEPARTMENT OF DEFENSE**Department of the Army****Environmental Assessment (EA) and Finding of No Significant Impact (FNSI) for the Relocation of the Department of Defense Polygraph Institute (DoDPI) to Fort Jackson, South Carolina**

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: In accordance with Pub. L. 101-510, the Defense Base Closure and Realignment Act of 1990, the Defense Base Closure and Realignment Commission recommended the closure of Fort McClellan, Alabama, and associated relocation of DoDPI to Fort Jackson, South Carolina. The relocation will increase the permanent party

population of Fort Jackson by 67 and average daily student load by approximately 25. To accomplish the increased mission at Fort Jackson, construction of a DoDPI administrative and instructional facility is required.

The EA identifies, evaluates, and documents the relevant incremental and cumulative effects upon existing resources of receiving and stationing the DoDPI at Fort Jackson. It considers seven realignment alternatives: use of existing facilities with renovation, leasing of off-post facilities, construction at four alternative sites (Sites A-D), and the no-action alternative. The preferred alternative is construction at Site B. It was selected because it best meets all the selection criteria. The site is distinguished in that it has the lowest habitat value. It is covered with deteriorating asphalt, while the other three construction sites have surface soils supporting varying degrees of vegetation.

The Chief of Staff of the U.S. Army Training and Doctrine Command has concluded the relocation of DoDPI to Fort Jackson will not significantly impact human health or the environment. Proper mitigation measures are in place to minimize potential temporary impacts. The realignment action will not significantly increase the current intensity of training at Fort Jackson. Because there are no significant impacts resulting from the implementation of the proposed action, and Environmental Impact Statement is not required and will not be prepared. The Army will not proceed with any action until after the 30-day comment period has been completed.

DATES: Public comments will be accepted until November 7, 1997.

ADDRESSES: A copy of the EA/FNSI may be obtained by writing to, and any inquiries or comments concerning the same should be directed to, Commander, U.S. Army Corps of Engineers, Norfolk District, ATTN: CENAO-PL-R (Richard Muller), Norfolk, VA 23510-1096, or phone (757) 441-7767; fax (757) 441-7646. Copies of the EA will also be available for review at the Fort Jackson Library and Richland County Public Library, Columbia, South Carolina.

Dated: October 3, 1997.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army, (Environment, Safety and Occupational Health) OASA (I, L&E).
