

1986, identified Fort Greely Maneuver Area, Fort Greely Air Drop Zone, and Fort Wainwright Maneuver Area (also known as the Yukon Maneuver Area) as lands withdrawn from public use until November 6, 2001. The Act requires the Army to publish a Draft EIS for continued or renewed withdrawal of these lands by November 6, 1998. The Department of the Army will be directing the preparation of the EIS for the renewed withdrawal of the Fort Greely Maneuver Area and Air Drop Zone, and Fort Wainwright Maneuver Area. Both sites are located near Fairbanks in interior Alaska. In preparing the Draft EIS, the Army and the Bureau of Land Management (BLM) have mutually agreed to use the legislative environmental impact statement (LEIS) process pursuant to 40 C.F.R. 15061.8 to comply with the requirements of Public Law 99-606. This LEIS will be prepared in cooperation with BLM and will be completed by November 6, 1998, in accordance with Public Law 99-606. Therefore, pursuant to the LEIS process, a Final LEIS (FLEIS) will be prepared and a Notice of Availability of the FLEIS will be published in the **Federal Register**; however, there will not be a Record of Decision.

**Scoping:** Federal, state, local agencies and the public are invited to participate in the scoping process for the completion of the renewed withdrawal of Fort Greely Maneuver Area and Air Drop Zone, and Fort Wainwright Maneuver Area. The scoping process will identify the significant issues of the proposed renewed withdrawals which will need to be addressed in the LEIS. Scoping meetings will be held in Anchorage, Fairbanks, and Delta Junction, Alaska, within 60 days of the publication of the Notice of Intent in the **Federal Register**. Notification of the times and locations for the public scoping meetings will be published in local newspapers.

**Comments:** Written comments identifying issues and concerns to be addressed in the LEIS will be accepted within 60 days of the public scoping meetings. Written comments may be forwarded to: Directorate of Public Works, *Attn:* APVR-RPW-EV (Mr. Steve Wilson), 730 Quartermaster Drive, Fort Richardson, AK 99505-6500.

**FOR FURTHER INFORMATION CONTACT:** Mr. Steve Wilson, Public Works Division, Fort Richardson, at (907) 384-2710/Fax (907) 384-3047.

**SUPPLEMENTARY INFORMATION:** The Fort Greely Maneuver Area and Air Drop Zone comprise approximately 623,585 acres near Delta Junction, Alaska.

The Fort Wainwright Maneuver Area comprises approximately 247,952 acres near Fairbanks, Alaska. Both sites were withdrawn from public use from the BLM for military purposes with the enactment of Public Law 99-606 on November 6, 1986. The Act specifies these lands are reserved for use by the Secretary of the Army for military maneuvering, training, artillery firing, aerial gunnery, infantry tactics, equipment development and testing, as well as other defense related purposes. Both sites are used to train in an extremely cold environment and to test the effect of this environment on military equipment. The Fort Greely Maneuver Area and Air Drop Zone, and the Fort Wainwright Maneuver Area are used by the Army, Air Force, and other military units. The Army and BLM jointly manage the natural resources on both sites recognizing the primary military role of these withdrawal lands.

The Department of the Army has determined there is a continuing military requirement for the use of these withdrawal lands to train and maintain military units at the required state of readiness. With the completion of the LEIS, the Army proposes to renew its withdrawal from public use the Fort Greely Maneuver Area and Air Drop Zone, and the Fort Wainwright Maneuver Area. Reasonable and feasible alternatives will be developed as part of the EIS process.

Preliminary planning criteria which have been identified for the completion of the LEIS for both sites include: non-military activities on the withdrawal lands; valid existing rights on the withdrawal lands; consistency with existing plans of adjacent land owners and local governments; natural resource management of the withdrawal lands; public access to portions of the withdrawal lands; and subsistence use of the withdrawal lands. The LEIS will be completed utilizing existing data, information, plans, land use analyses and previously completed EIS's and Environmental Assessments for these withdrawal lands.

Dated: October 9, 1997.

*Deputy Assistant Secretary of the Army,
