DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Transportation Annual Survey.

Form Number(s): B-514, -515, -524, -525, -530, -531, -532, -533, -900-L1, -900-L2, -900-L3, -900-L4.

Agency Approval Number: 0607-0798.

Type of Request: Extension of a currently approved collection.

Burden: 10,908 hours.

Number of Respondents: 4,000.

Avg Hours Per Response: 2.73 hours.

Needs and Uses: The Census Bureau originally obtained approval for the Transportation Annual Survey (TAS) in 1994 which replaced and expanded upon the existing Motor Freight Transportation and Warehousing Survey (WATS) that covered the trucking and public warehousing industries. The new TAS also included transportation by waterway and segments of the busing industry, specifically intercity and rural bus transportation, bus charter service, and terminal and service facilities. In addition, it introduced new data items to the trucking forms which have enabled us to publish total miles traveled, percentage of miles traveled with loaded or empty vehicles, weight of shipments, and revenue from transborder shipments. Due to funding issues, we have not yet implemented the busing and waterway transportation portion of the TAS. This request for extension, again includes these two industries and collection of these data is, again contingent upon funding.

Affected Public: Businesses or other for-profit organizations.

Frequency: Annually.
