

Individuals with disabilities may obtain this document in an alternate format (e.g., Braille, large print, audiotape, or computer diskette) on request to the contact person listed in the preceding paragraph.

SUPPLEMENTARY INFORMATION: The National Board of the Fund for the Improvement of Postsecondary Education is established under Section 1001 of the Higher Education Amendments of 1980, Title X (20 U.S.C. 1131a-1). The National Board of the Fund is authorized to recommend to the Director of the Fund and the Assistant Secretary for Postsecondary Education priorities for funding and approval or disapproval of grants of a given kind.

The meeting of the National Board is open to the public. The National Board will meet on Thursday, October 30, from 9:00 a.m. to 4:00 p.m. to provide an overview of the Fund's program status and special initiatives and orient new Board members.

The meeting site is accessible to individuals with disabilities. An individual with a disability who will need an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive listening device or materials in an alternate format) should notify the contact person listed in this notice at least two weeks before the scheduled meeting date. Although the Department will attempt to meet a request received after that date, the requested auxiliary aid or service may not be available because of insufficient time to arrange it.

Records are kept of all Board proceedings, and are available for public inspection at the office of the Fund for the Improvement of Postsecondary Education, Room 3100, Regional Office Building #3, 7th & D Streets, SW., Washington, DC 20202 from the hours of 8:00 a.m. to 4:30 p.m.

Dated: October 10, 1997.

David A. Longanecker,

Assistant Secretary for Postsecondary Education.

DEPARTMENT OF ENERGY

[Docket No. CP97-783-000]

Federal Energy Regulatory Commission

ANR Pipeline Company; Notice of Application

October 9, 1997.

Take notice that on September 30, 1997, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit Michigan 48243, filed, in Docket No. CP97-783-000, an application pursuant to Section 7(c) of the Natural Gas Act and Part 157 of the Commission's Regulations for authorization to utilize temporary work spaces and for any other authorization deemed necessary associated with a pipeline replacement project in La Porte County, Indiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

ANR proposes to replace a 0.62 mile line segment of both its 22-inch O.D. main line and its 30-inch O.D. loop line beginning at Mile Post 891.69 to satisfy the safety requirements of Part 192 of the U.S. Department of Transportation's regulations. ANR states that in order to make the replacement it will have to utilize temporary work spaces which may not have been included in the scope of the original authorization to construct the facilities. Therefore, ANR requests the temporary use of work space and any other authorizations deemed necessary by the Commission in order to make the replacement. ANR states that the construction will be done within the existing right-of-way under the authority of section 2.55 of the Commission's regulations, which authorizes replacement within the existing right-of-way.

Any person desiring to be participate in the hearing process or to make any protest with reference to said

application should on or before October 30, 1997, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party, in any hearing therein must file a motion to intervene in accordance with the Commission's rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order.

However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the
