#### ANR Pipeline Company; Notice of Application

October 9, 1997.

Take notice that on October 1, 1997, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed an application in Docket No. CP98-2-000 pursuant to section 7(c) of the Natural Gas Act, for authorization to utilize temporary work spaces and any other authorization deemed necessary associated with a pipeline replacement project in Kent County, Michigan, all as more fully set forth in the application on file with the Commission and open to public inspection.

ANR proposes to replace a 0.96 mile line segment of its mainline system because of increased population density in order to satisfy U.S. Department of Transportation safety regulations. ANR states that in order to make the replacement, it will have to utilize temporary work spaces which may not have been included in the scope of the original authorization to construct the facilities. ANR states that the construction will be done within the existing right-of-way under the authority of Section 2.55 of the Commission's Regulations, which authorizes replacement within the existing right-of-way.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 30, 1997, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the

Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or be represented at the hearing.
