AGENCY: Energy Information Administration, Department of Energy.
ACTION: Submission for OMB review; comment request.

SUMMARY: The Energy Information Administration (EIA) has submitted the energy information collection(s) listed at the end of this notice to the Office of Management and Budget (OMB) for review under provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13). The listing does not include collections of information contained in new or revised regulations which are to be submitted under section 3507(d)(1)(A) of the Paperwork Reduction Act, nor management and procurement assistance requirements collected by the Department of Energy (DOE).

DATES: Comments must be filed within 30 days of publication of this notice. If you anticipate that you will be submitting comments but find it difficult to do so within the time allowed by this notice, you should advise the OMB DOE Desk Officer listed below of your intention to do so as soon as possible. SUPPLEMENTARY INFORMATION:

The energy information collections submitted to OMB for review were:

1. EIA-23, 23P, and 64A, "Oil and Gas Reserves System Surveys."
2. Energy Information Administration; 1905-0057; Extension with changes; Mandatory.
3. EIA's Oil and Gas Reserves System Surveys collect data used to estimate reserves of crude oil, natural gas, and natural gas liquids, and to determine the status and approximate levels of production. Data are published and are used by public and private analysts. Respondents are operators of oil wells, natural gas wells, and natural gas processing plants.

EIA proposes no substantive revision to the current forms. However, the original **Federal Register** notice did request comments on substantive changes to the Form EIA-23, "Annual Survey of Domestic Oil and Gas Reserves." As a result of comments received and discussions with members of various trade associations it was decided to delay the implementation of the originally proposed changes until all the government organizations involved had the opportunity to revise their own programs, so that all Government agencies would have consistent definitions in place before EIA changed

its reserves definitions and data collection process.

4. Business or other for-profit.

5. 107,084 hours (16.360 hours x 0.802 responses per year x 8161 respondents).

Statutory Authority: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (Pub. L. No. 104-13).

Issued in Washington, D.C., October 17, 1997.

Jay H. Casselberry,
