

in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: October 22, 1997.

**Gloria Parker,**

*Deputy Chief Information Officer, Office of the Chief Information Officer.*

**Office of Vocational and Adult Education.**

*Type of Review:* Extension.

*Title:* Performance Report for State-Administered Vocational Technical Education Programs

*Abstract:* This report will identify students served in the state vocational-technical system with emphasis on special populations, indicate those states in need of technical assistance to improve services to those students, and provide trend data to demonstrate the effectiveness of vocational-technical education in meeting the needs of youth and adults.

*Additional Information:* This information request represents an extension of a collection previously approved by OMB. It is being submitted at this time because as recently as August of this year we had been anticipating the passage of new legislation for vocational-technical education and had been crafting new directions for States to follow that would be oriented toward the accountability requirements of the new law as well as the requirements of the Results Act. The House Representatives passed its version of new legislation in June and the Senate was anticipating action by early September. It now appears that enactment of a new Federal law for vocational-technical education will not occur until 1998 and will likely have an implementation date of July 1999.

*Frequency:* Annually.

*Affected Public:* State, local or Tribal Gov't, SEAs or LEAs.

*Reporting and Recordkeeping Burden:*

Responses: 53.

Burden Hours: 2,756.

BILLING CODE 4000-01-P

**DEPARTMENT OF ENERGY**

**Office of Arms Control and Nonproliferation Policy; Proposed Subsequent Arrangement**

**AGENCY:** Department of Energy.

**ACTION:** Subsequent Arrangement.

**SUMMARY:** Pursuant to section 131 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2160), notice is hereby given of a proposed "subsequent arrangement" under the Agreement for Cooperation in the Peaceful Uses of Nuclear Energy Between the United States of America and the European Atomic Energy Community (EURATOM) and the Agreement for Cooperation Between the Government of the United States of America and the Government of Canada Concerning the Civil Uses of Atomic Energy.

The subsequent arrangement to be carried out under the above-mentioned agreements involves approval of the following: RTD/EU(CA)-14 for the transfer of 15,000 grams of enriched uranium fuel fabrication scrap, containing 2,962.5 grams of the isotope U<sup>235</sup> (less than 20 percent enrichment) from AECL in Chalk River, Canada, to UKAEA in Dounreay, United Kingdom, for the purpose of recovering uranium for return to Canada in the form of uranium metal pieces to be used in the fabrication of NRU reactor fuel.

In accordance with section 131 of the Atomic Energy Act of 1954, as amended, it has been determined that this subsequent arrangement will not be inimical to the common defense and security.

This subsequent arrangement will take effect no sooner than fifteen days after the date of publication of this notice.

Dated: October 22, 1997.

For the Department of Energy.

**Cherie P. Fitzgerald,**

*Director, International Policy and Analysis Division, Office of Arms Control and Nonproliferation.*
