The area described contains 4,322.40 acres.

In exchange the United States will acquire the following described land from Tucson Mountain Investors, L.L.C.:

Gila and Salt River Meridian, Arizona

T. 13 S., R. 12 E.,

Sec. 10, part of;

Sec. 11, part of.

The area described contains 632.78 acres more or less.

Approval of the exchange is to implement the Phoenix Resource Management Plan Decision which identified the selected federal lands for disposal and on development information submitted by Noranda Properties, Inc. Acquisition of the private lands was authorized by Public Law 103-364, signed into law in October 1994, which added 3,460 acres to the park and changed the name from Saguaro National Monument to Saguaro National Park. Resource values of the private lands enhance the resource management within the Saguaro National Park. The offered lands contain representative Sonoran Desert vegetation in excellent condition. The diversity of vegetation, representing the paloverde/saguaro/mixed cactus and ironwood associations, provides important habitat for some of the sensitive wildlife species which occur in the Arizona Upland vegetation type. Also as part of the Saguaro National Park, the area will be accessible to hikers, horseback riders, birdwatchers, botanists and students of natural history. The public interest will be served by making the exchange.

ADDRESSES: Interested parties may submit comments and/or protests concerning the Proposed Decision for

the exchange to the Bureau of Land Management, Phoenix Field Office 2015 West Deer Valley Road, Phoenix, Arizona 85027. Comments must be in writing to the Field Office Manager and be postmarked within 45 days from the publication of this notice.

Dated: October 17, 1997.

Michael A. Taylor,

Field Manager.
