

Hurshman. Comments shall be submitted by December 15, 1997 to the Montrose District Manager. Any adverse comments will be reviewed by the District Manager, who may sustain, vacate, or modify this realty action. In the absence of any adverse comments, this realty action will become the final determination of the Department of the Interior.

SUPPLEMENTARY INFORMATION: The following described land has been determined to be suitable for disposal by sale utilizing non-competitive procedures.

New Mexico Principal Meridian, Colorado

T. 42 N., R. 6 W.,
Tract 37

Containing approximately 2.54 acres more or less.

This land is being offered as a direct, non-competitive sale to Mr. Kevin D. Padrick, a private individual. BLM has determined a direct sale is necessary as Mr. Padrick owns the adjoining private property known as the Great Western Lode, MS 1603. A large three story boarding house that was constructed in the 1920's, known as the Martin Boarding House, is situated on the Great Western Lode. A portion of the structure has encroached upon adjoining public lands that have been surveyed to create the above described Tract 37. The direct sale will resolve this inadvertent unauthorized occupancy of said land. The land will not be offered for sale until at least 60 days after the date of publication of this notice in the **Federal Register**.

In the event of a sale, the mineral interest shall be conveyed simultaneously with the surface interest. The mineral interest being offered for conveyance has no known mineral value. Upon acceptance of a direct sale offer, the purchaser shall be required to make application for conveyance of those mineral interests.

Upon publication of this notice in the **Federal Register**, the land will be segregated from all forms of appropriation under the public land laws, including the general mining laws. This segregation will terminate upon issuance of a patent or 270 days from the date of this publication.

The patent, when issued, would contain a reservation of a right-of-way thereon for ditches and canals constructed by the authority of the United States, Act of August 30, 1890, 26 Stat. 391, 43 U.S.C. 945. Any patent would also be subject to an existing overhead power line right-of-way

authorization, COC-18281, currently held by San Miguel Power Association.

Signed: October 22, 1997.

Mark W. Stiles,

District Manager.
