

for discussion include the following questions:

1. Is the objective of unregulated contaminant monitoring to identify the occurrence of contaminants in the environment or to assess exposure from the finished water?

2. What should be the criteria for an unregulated contaminant monitoring program?

3. What is a "representative sample" of small and medium systems?

4. What should be the protocols for representative sampling?

5. What monitoring data should be reported and how?

6. What should be the criteria for determining which of the unregulated contaminants on the CCL should be a candidate for required monitoring?

7. What analytical methods should apply to unregulated contaminants?

8. How should the results of unregulated contaminant monitoring be used?

9. What steps need to be taken and what process should be used to complete this effort?

EPA has convened this public meeting to hear the views of stakeholders on the development of Unregulated Contaminant Monitoring Regulations and a List. The public is invited to provide comments on the issues listed above or other issues related to the Unregulated Contaminant Monitoring Regulations and a List during the December 2-3, 1997 meeting.

Dated: October 29, 1997.
