

**Federal Register** notice triggers the 0.10 g/bhp-hr standard for engines rated above 294 hp. This means that urban bus operators using compliance program 1 must use equipment certified to the 0.10 g/bhp-hr standard when rebuilding or replacing applicable engines above 294 hp after May 6, 1998.

Urban bus engines certified to meet California emissions standards are not applicable to the CCT™ kit discussed in today's **Federal Register** notice. Additionally, the 0.10 g/bhp-hr PM standard is not triggered for engines certified to meet California emission standards. Operators of such urban buses, who choose to comply with program 1, are not required to use equipment certified to the 0.10 g/bhp-hr PM standard until the standard has been triggered for such engines. Operators of urban buses having engines certified to meet California emission standards, and who choose to comply with program 2, may not use the CCT™ kit described in today's notice to meet program requirements.

As stated in the program regulations (40 CFR 85.1401 through 85.1415), operators must, beginning January 1, 1995, maintain records for each engine in their fleet to demonstrate that they are in compliance with the requirements of the Urban Bus Retrofit/Rebuild Program. These records include purchase records, receipts, and part numbers for the parts and components used in the rebuilding of urban bus engines. Urban bus operators using the supply option 2, as described previously in today's **Federal Register** notice, must be aware of their responsibility for maintenance of records pursuant to 40 CFR Sections 85.1403 through 85.1404, because they do not purchase the complete CCT™ kit from JMI. Urban bus operators using supply option 2 must be able demonstrate that all parts used in the rebuilding of engines are in compliance with program requirements. In other words, such urban bus operators must be able to demonstrate that all components of the kit certified in today's **Federal Register** notice are installed on applicable engines.

Dated: October 29, 1997.

**Richard D. Wilson,**

*Acting Assistant Administrator for Air and Radiation.*

### Underground Injection Control Program; Hazardous Waste Injection Restrictions; Petition for Exemption—Class I Hazardous Waste Injection; CECOS International, Inc. (CECOS)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final decision on petition modification.

**SUMMARY:** Notice is hereby given that modification of an exemption to the land disposal restrictions under the 1984 Hazardous and Solid Waste Amendments to the Resource Conservation and Recovery Act has been granted to CECOS, for the Class I injection well located at Sulphur, Louisiana. As required by 40 CFR part 148, the company has adequately demonstrated to the satisfaction of the Environmental Protection Agency by petition and supporting documentation that, to a reasonable degree of certainty, there will be no migration of hazardous constituents from the injection zone for as long as the waste remains hazardous. This final decision allows the underground injection by CECOS, of the specific restricted hazardous waste identified in the exemption modification, into the Class I hazardous waste injection well at the Sulphur, Louisiana facility specifically identified in the modified exemption, for as long as the basis for granting an approval of this exemption remains valid, under provisions of 40 CFR 148.24. As required by 40 CFR 124.10, a public document was issued July 31, 1997, and closed on September 15, 1997. No comments were received. This decision constitutes final Agency action and there is no Administrative appeal.

**DATES:** This action is effective as of October 28, 1997.

**ADDRESSES:** Copies of the modified petition and all pertinent information relating thereto are on file at the following location: Environmental Protection Agency, Region 6, Water Quality Protection Division, Source Water Protection Branch (6WQ-S), 1445 Ross Avenue, Dallas, Texas 75202-2733.

#### FOR FURTHER INFORMATION CONTACT:

Philip Dellinger, Chief, Ground Water/UIC Section, EPA—Region 6, telephone (214) 665-7165.

**Oscar Ramirez, Jr.,**

*Acting Director, Water Quality Protection Division (6WQ).*

### National Environmental Justice Advisory Council; Notification of Meeting Public Comment Period(s) and Environmental Justice Enforcement Roundtable Open Meetings

Pursuant to the Federal Advisory Committee Act (FACA), Public Law 92-463, we now give notice that the National Environmental Justice Advisory Council (NEJAC) along with the subcommittees will meet on the dates and times described below in conjunction with a NEJAC and EPA-sponsored Environmental Justice Enforcement Roundtable. All times noted are Eastern Standard Time. All meetings are open to the public. Due to limited space, seating at the NEJAC meeting will be on a first-come basis. Documents that are the subject of NEJAC reviews are normally available from the originating EPA office and are not available from the NEJAC. The NEJAC and subcommittee meetings will occur at the Regal University Hotel, 2800 Campus Walk Avenue, Durham, NC 27705-4479, telephone number: 919/383-8575. The NEJAC and EPA-sponsored Environmental Justice Enforcement Roundtable will occur at North Carolina Central University in Durham, NC.

The full NEJAC will convene Monday, December 8 from 9:00 a.m. to 10:30 a.m. and from 6:30 p.m. to 9:00 p.m., and Wednesday, December 10 from 9:00 a.m. to 5:00 p.m. and from 6:45 p.m. to 9:00 p.m. to follow-up on pending items from the May 1997 meeting, to hear a presentation from the newly created EPA's Office of Children Health Protection, and several NEJAC new business interest items. NEJAC will have a break in the meeting schedule Monday, December 8 at 10:30 a.m. to conduct a bus tour of local environmental justice sites. There will be public comment periods scheduled from 7:00 p.m.—9:00 p.m. on Monday, December 8 and on Wednesday, December 10.

The six subcommittees will meet Tuesday, December 9 from 9:00 a.m. to 6:30 p.m. Any member of the public wishing additional information on the subcommittee meetings should contact the specific Designated Federal Official at the telephone number listed below.
