14 CFR Part 71

[Airspace Docket No. 97-AWP-18]

Revision of Class E Airspace; Crescent City, Imperial County and Red Bluff, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action revises Class E airspace areas at Crescent City, Imperial County and Red Bluff, CA, by removing the reference to part-time status of the surface areas. A review of airspace classification has made this action necessary. The intended effect of this action is to correct the legal description to reflect the actual operations (e.g. continuous or part-time).

EFFECTIVE DATE: 0901 UTC January 1, 1998.

FOR FURTHER INFORMATION CONTACT: Larry Tonish, Airspace Branch, AWP-520, Air Traffic Division, Western-Pacific Region, Federal Aviation Administration, 15000 Aviation Boulevard, Lawndale, California, 90261, telephone (310) 725-6531.

SUPPLEMENTARY INFORMATION:

History

On April 22, 1997, the FAA proposed to amend Part 71 of the Federal Aviation Regulations (14 CFR part 71) by revising the Class E Airspace; Crescent City, Imperial County and Red Bluff, CA, (62 FR 19527). This action revises Class E airspace areas at Crescent City, Imperial County and Red Bluff, CA, by removing the reference to part-time status of the surface areas. A review of airspace classification has made this action necessary. The intended effect of this action is to correct the legal description to reflect the actual operations (e.g. continuous or part-time).

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposals to the FAA. No comments to the proposal were received. Class E airspace designations are published in paragraph 6002 of FAA Order 7400.9E dated September 10, 1997, and effective September 16, 1997 which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be revised subsequently in this Order.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) revises Class E airspace areas at Crescent City, Imperial County and Red Bluff, CA, by removing the reference to part-time status of the surface areas. Continuous weather reporting services now exist at the aforementioned airports.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
