

DEPARTMENT OF DEFENSE**Department of the Navy****Notice of Intent To Prepare a Legislative Environmental Impact Statement (LEIS) for the Continued Withdrawal of Lands at Bravo 20 Bombing Range (B-20), Fallon, Nevada as Identified in the Military Land Withdrawal Act of 1986**

SUMMARY: The Department of the Navy announces its intent to prepare a Legislative Environmental Impact Statement (LEIS) pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 as implemented by Council on Environmental Quality regulations (40 CFR parts 1500-1508). The LEIS will analyze the proposed continued withdrawal of lands supporting B-20 at Naval Air Station (NAS) Fallon, Nevada. Section 5 of the Military Lands Withdrawal Act of 1986 (Pub. L. 99-606) directs the Navy to prepare an LEIS to evaluate the environmental effects of continued naval operations on the checkerboard pattern of withdrawn public lands that make up the B-20 training range. The LEIS will evaluate the cumulative effects of all NAS Fallon land withdrawals and serve as a Navy recommendation to Congress for consideration in determining the continued withdrawal of B-20 lands. In order to maintain the military mission, the Navy is proposing the continued use of the B-20 as defined by the Military Lands Withdrawal Act, Section 1(a). The actions considered in the LEIS would not result in the withdrawal of additional lands. The LEIS will analyze the potential environmental effects of the proposed action, public scoping alternatives, if applicable, and a "no action" alternative. Under the "no action" alternative, withdrawn lands listed in Section 1(a) of the Military Lands Withdrawal Act would not be renewed for continued military purposes.

ADDRESSES: The Navy is initiating a public scoping process for the purpose of determining public concerns and issues to be analyzed and addressed for this action. The Navy will hold public scoping meetings on December 9, 1997, from 7:00 p.m. to 10:00 p.m., at the Fallon Convention Center, 100 Campus Way, Fallon, Nevada; on December 10, 1997, from 7:00 p.m. to 10:00 p.m., at Pershing County District Office, 1150 Elmhurst Avenue, Lovelock, Nevada; and on December 11, 1997, from 7:00 p.m. to 10:00 p.m., at Reno Sparks Convention Center, 4590 S. Virginia Street, Reno, Nevada. A Navy public

open house will occur at each site from 3:00 p.m. to 5:30 p.m. prior to each scoping meeting.

A brief presentation will precede a request for public information and comments. Navy representatives will be available at these meetings to receive information and comments from agencies and the public regarding issues of concern. It is important that federal, state and local agencies, and interested individuals take this opportunity to provide information or identify environmental concerns that should be addressed during the analysis and preparation of the LEIS. In the interest of the available time, each speaker will be asked to limit oral comments to three minutes. Comment forms will also be available to submit written comments at these meetings.

Agencies and the public are also invited and encouraged to provide written comments in addition to, or in lieu of, oral comments at the public scoping meetings. To be most helpful, scoping comments should clearly describe specific information, data, issues or topics which the commenter believes the LEIS should address. Written comments or questions regarding the scoping process and/or LEIS should be postmarked no later than Friday, February 13, 1998 and sent to the following address.

FOR FURTHER INFORMATION CONTACT: Written statements and or questions regarding the scoping process should be mailed to: Commanding Officer, Engineering Field Activity West, Naval Facilities Engineering Command, 900 Commodore Drive, San Bruno, CA 94066-5006 (Attn: Mr. Sam Dennis, Code 7031), telephone (650) 244-3007, fax (650) 244-3206, e-mail at: sldennis@efawest.nav-fac.navy.mil.

Dated: November 19, 1997.

Darse E. Crandall,
LCDR, JAGC, USN, Federal Register Liaison Officer.
