Fees for Sanitation Inspections of Cruise Ships and Consultation Services for Ship Construction and Renovation

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (DHHS).

ACTION: Notice and request for public comment.

SUMMARY: This notice announces fees for vessel sanitation inspections effective January 1, 1998. The Public Health Service (PHS) proposes an additional vessel size category for ships >90,000 gross register tonnage. The purpose of the new "Mega" size category is to more accurately recover costs of the Vessel Sanitation Program (VSP) for conducting sanitary inspections of these super-large ships. The PHS also proposes to begin charging fees for consultation services for ship construction and renovation. The purpose of these charges would be to recover costs of conducting the consultation services for ship construction and renovation.

Public comment is requested on the proposed administrative policies to add the new size category for inspections, and to charge for consultation services for ship construction and renovation.

DATES: To ensure consideration, respondents must have their written comments regarding the new size category and charges for services for ship construction and renovation to the VSP by January 2, 1998. Fees for vessel sanitation inspections are effective January 1, 1998.

ADDRESSES: Written comments should be sent by mail or facsimile to the Vessel Sanitation Program, Special Programs Group, National Center for Environmental Health, Centers for Disease Control and Prevention (CDC), 4770 Buford Highway, NE., (F16), Atlanta, Georgia 30341-3724, facsimile (770) 488-4127.
